If someone brought out
a miracle product that would
teach you to get the most
for your money, to assist
men with your command of
facts about current world
and national affairs, to start
your car on a cold morning,
to collect antiques with
knowledge and shrewdness,
to entice children with
glazing stunts, to dress
smartly to gain the most
pleasure from sports, what
a long line of customers it
would attract. But such a
product already exists in
this magazine. It is available
at Nicholas County High
