You are undoubtedly aware that your minister through the Nicholas County Ministerial Association urges and will commend a wholesome recreational program for all citizens of Nicholas County. Also, you and your minister desire to celebrate the establishment of these United States of America.

- However, in recent years, our local celebration of the In-dependence of the United States has been the declaration of independence by some people from social responsibilities into an anarchy of self-made rules of conduct instead of moral and legal regulations. The result of this in the recent local celebration—the Blackberry Festival—was bodily injury to several persons, destruction of private and public property, fighting, disturbance of peaceful conduct, proximity to and disruption of religious activities in local churches, public drunkenness, interference with traffic on a state maintained highway, a general atmosphere conductive to the lowering of acceptable moral standards, and an over burdening of the available law

Association makes the following entreaty: That the annual Blackberry Festival in its present form and location be discontinued. We suggest that a comunity wide patriotic celebration and home-coming be held July 4th at a location which could provide efficient off-street parking and adequate dis-

play and recreational facilities We further suggest that all citizens who concur with this opinion write the members of the Nicholas County Fiscal Court

Members of the Fiscal Court are: Floyd Clark, Judge, West Main Street; Audrew Bretz, R. R. No. 4; W. J. Clark, R. R. No.
