Atty, Gen. Walter C. Herd-man.

"We do not believe it would be legal for members of the council or any other municipal officer to receive free water for any reason, as this would discriminate against all other water users of the same class who have to pay for their water," Herdman stated.

"The rule is a city, in regulating supply and rates

"The rule is a city, in regulating supply and rates of city water to consumers, must be fair and impartial and not unjustly discriminatory or preferential. Equality of the compelled for doing a like and contemporaneous service in the supply of the given product under substantially similar circumstances or conditions. You council is not more entitled to free water than any other

council is not more entitled to free water than any other citizen and must pay the same rate as any other in-dividual consumer."
