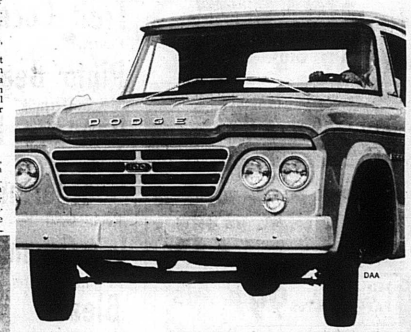
C'MON, GET TOUGH...



GET DODGE!
You're going as tough as you can go with Dodge. Because that's the only way Dodge builds trucks—tough. Many heavy-duty features are standard, like transmission and springs, for instance, in the Dodge Sweptline pickup. Other standard items that pay off on the job include a 140 hp Slant Six engine and a 35-amp. alternator. Tough? We can prove it in black and white. And show you a deal that's tough, too—tough to beat. Come on. Swing in and swap! From pickups to diesel power, Dodge builds tough trucks.
