
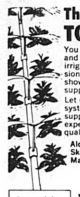
PREPARE FOR BURLEY MARKET—Inspectors from the Weights and Measures division of the Kentucky Department of Agriculture are now checking scales at tobacco warehouses throughout the state. Above, Barbara Deatherage, a secretary with the LeBus Tobacco Warehouse in Cynthiana, watches as inspectors James Plummer, Ward Jones, and Bobby Anderson go through one phase of the inspection. After checking the accuracy of the scales, the inspectors weigh several hundred baskets, and a number of "duckbills" to determine the average weight of a single basket and duckbill. When this average has been determined, the tare (weight of basket plus duckbill) is set for scales at each warehouse. According to Agriculture Commissioner Wendell P. Butler, Weights and Measures inspectors will check the accuracy of all warehouse scales prior to the date they begin receiving tobacco. Six units of inspectors are in the field to check scales at over 250 warehouses, Butler said, and all must pass inspection before the warehouse can receive tobacco.



The Pipeline to Profit for TOBACCO GROWERS

You can substantially increase the yield, quality and selling price of your tobacco with sprinkler irrigation — even in non-drouth years. Extension Service test results on Kentucky farms show an average of 674 lbs. more per acre with supplemental water.

Let us work with you in designing a tailor-made system to meet your needs exactly. We can supply exceptional know-how based on years of experience in irrigating tobacco — plus these quality parts.

CARLISLE WEST HOMEMAKERS

Candle light, a beautiful soft light, creates a pleasant happy atomosphere, sometimes striking a romantic chord, which helps to make your meal or party a delightful affair, Mrs. Frank Henry, project leader, told the members of the Carlisle West Homemaker's Club on Friday afternoon at the home of Mrs. Eugene Neal. She suggested they use their imagination to make candles that are original, and explained the materials to use and method of using them.

Mrs. Grimes Caywood, demonstrated several types of candles and assisted, Mrs. Jimmy Carter and Mrs. David Zachary in the making of candles.

Mrs. A.B. Crouch and Miss Lucille Buntin, guests at the meeting joined the club.

The next meeting will be December 11, at the home of Mrs. Marion T. Mathera. An auction will be held.

MOOREFIELD HOMEMAKERS
by Mrs. W.J. Clark

The Moorefield Homemakers held the November meeting at the home of Mrs. J.S. Wilson. 15 members, Mrs. Margie Wilson, our home agent, and two guests, Mrs. Gibson and Miss Baker answered the roll with naming something for which I am thankful.

The devotional was given by Mrs. Joe Blount after which Mrs. Harvey Wilson led us in singing some songs. Landscape notes were read by Mrs. Ralph Toy.

'65 Dodge Polara. A big handsome hunk of machinery that's raising eyebrows all over the country. Outside, neat, clean, distinctive. Inside, inches bigger than last year. Quicker, too. With a 383 cu. in. V8, standard equipment, that likes regular gas best. Climb in and take a look around. Appointments and trim that you would expect only on more expensive cars. Nicest thing about the '65 Dodge Polara. If the looks, spirit, and luxury get you going, the price won't slow you down. Dodge comes on big for '65. Why not come along for the ride? At your Dodge dealer's.
