What Does FHA Consider the Major Needs to Develop youth today?

By SHARON OCKERMAN

Future Homemakers of America is the National Organization of pupils studying homemaking in junior and senior high schools of the United States, Puerto Rico and the Virgin Islands. But an equally important part of the homemaking program provides opportunities for students to have additional experience in planning and carrying out projects for youth development. The overall goal of FHA members is to help individuals improve personal, family and community living now and in the future.

The national goals of the Future Homemakers for 1962-65 have greatly aided the youth program. Last year the goals that were carried out were "Stay in School" and "Marriage Calls For Preparation." Many different ideas were used in pursuading FHA'ers that an education is important and that you can not jump into marriage without first planning ahead. Our own chapter presented skits and scholarship programs to emphasize these goals. This year "Focus on Family Friendship" and "Action for Citizenship" are to be carried out through the local chapters of the state. We hope to show all FHA girls that families come in all types and sizes, and to give them an insight into some possible projects and activities that might be carried on by themselves as individuals.

They must also understand that their mothers and fathers as are their brothers and sisters, grandmothers and grandfathers are their family. Then they will understand that there are many kinds of family friendships to consider.

Another personal goal every youth should have is values. If you do not know what you believe in and why then you can't expect everything to go right in your life. I believe that most of the girls in our local chapter have been brought up in homes where values and morals were highly honored. The parents help greatly in this aspect. If a child is brought up in a religious background then chances are that he will value his religion for the rest of his life. The same goes for politics, family customs etc. If the teenagers of today are to develop into fine adults they must have morals, spiritual or otherwise, to reach a successful goal in life.

As Future Homemakers we ask ourselves questions such as "Do I try honestly to see my parents viewpoint?" "Am I pleasant most of the time?" "Do I do my share of the work at home?" and "Do I often express appreciation to the family members?" The half million members of FHA need to recognize the need for practicing good family relations today as part of the preparation for becoming effective homemakers tomorrow. We also think that to have a good youth program one needs to be a very good citizen. Every person in the United States has obligations to fulfill before he has done his part.

One of our goals states that we are to "promote international good will". So by being good citizens we are doing just that!

As stated in our creed "We are the Future Homemakers of America. We face the future with warm courage and high hope." By learning the qualities of a home of leadership, of cooperation, of faith, love, and truth, we are able to face the future with warm courage and high hope and so become better leaders and home builders.

Archery Season Begins Oct. 15

Frankfort, Ky., (Special)—Almost half of the 120 counties in Kentucky will be open for 32 days of archery hunting this year and indications are that these bow and arrow devotees will find plenty of game awaiting them. The season opens on October 15 and continues through November 15, both dates inclusive, and again this year a hunter is permitted but one deer of either sex during the archery and gun season combined.

Added to the 48 counties opened last year have been 10 new ones most of which have been stocked or which have herds sufficient for hunting due to a build-up of deer from surrounding counties. Those open for the first time are: Gresn, Larue, McLean, Monroe, Ohio, Todd, Wayne, Whitley, Woodford and Anderson.

Department of Fish and Wildlife Resources' biologists say that, generally, the herd is progressing according to plan: that the maximum herd has been established in some counties, while in others increased numbers have been reported. The 14 additional counties will give the deer hunter a wider area in which to hunt.

Last year according to biologists, archery hunters bagged 150 deer during the season, this despite a slowdown due to the forest fire hazard, and due to the fact that much of the season the dry weather made hunting most difficult.

Management areas open to archery hunting this year are Knob State Forest, October 15-November 15; West Kentucky Wildlife Area, October 15-October 31; Bluegrass Army Depot, October 17-18; Oct. 24-25 and October 31-November 1; Fort Campbell, October 15-November 15.

Some of the rules governing the archery hunt are as follows: Long bows only. Arrows must be barbless with broadhead. Points must be at least 7/8 inch wide. Archery hunters may not carry firearms.

SIXTH GRADE NEWS

By Stephen Kimberling, Bernice Biddle, and Sandra Barlow

The 6th grade elected officers to help the class. The officers are: Stephen Kimberling, president; Mary Burden, vice president; Vickie Ann Crawford, secretary; and Mike Boone, reporter.

On Wednesday afternoon last week, Mrs. W. R. Kingsolver showed us slides of Egypt and how the Egyptians lived many years ago. The slides were very interesting, and helped the class in our History and Geography.

The sixth grade has organized a club. The name of the club is "The Less Litter Club."

We got our idea from our Young Citizen. We are going to pick up all the litter we can, so please don't be a litter bug!

CARLISLE JUNIOR HIGH ELECTS STUDENTS OF THE MONTH

The seventh and eighth grades of the Carlisle City School held their election for "Student of the Month" last Thursday. Each month a different student will be elected. One will be elected from each section of these two grades. The student must maintain good grades and be a good citizen to be elected.

The following students were elected for September; Karlyn Coatney, Kay Allison, Tommy Workman, Nina Young, Marsha Soper, Anita Snapp.

HIGH SCHOOL F.H.A. NEWS

The executive council of F.H.A. had a meeting on October 6, after school. Discussed were different suggestions for money making projects; also different programs for our meetings.

The F.H.A. council decided that the chapter would sell candy. It will be sold on Tuesday, October 20, after school and evening.

All Right...Let Us Judge CATHOLICS BY THE BIBLE!

Many sincere people regard the Bible as the sole authority for Christian belief.

And they reject the teachings of the age-old Catholic Church because these teachings and forms of Catholic worship are not mentioned by name in Holy Scripture.

Where'... some will ask, "does the Bible say anything about the Mass or Purgatory? And how about Confession to a priest, praying to Mary, and those seven Sacraments you Catholics talk about? They're not in MY Bible."

Although everything contained in the Bible is true, yet the Bible is not the sole source of all truth. For example, we know that Christ established His Church... that the Church existed long before the Bible was completed... that millions lived and died in the Savior's truth without ever having seen a Bible.

But we are willing to set aside these historical truths for the moment and judge Catholic beliefs and practices by the Bible.

Take first, for instance, the fact that the Bible does not mention the Mass or Purgatory by name. Well, neither does it mention the word Bible by name. Furthermore, nowhere within its covers is it stated what are the writings which contain the inspired Word of God. The only authority you have for this is the word of the Catholic Church, which preserved and collected the Scriptural writings and put them between the covers of a book.

The word "Sacrament," meaning a sacred rite, is not used anywhere in the Bible. But Holy Scripture does make clear the sacredness of such Catholic rites as Baptism, Confirmation, the Eucharist, Matrimony, Penance, the Last Anointing, and Holy Orders, the latter rite being the deputizing of the successors to the Apostles.

The Sacraments were in possession of the Church and in daily use before a single line of the New Testament was written. People were being received into the Church by Baptism long before there was a New Testament. They were receiving Confirmation, were being married according to Christ's teaching, and praying over and anointing the dangerously sick.

Christ definitely *did* establish His Church. He *did* deputize His Apostles, and their successors, to continue His teaching. He *did* promise that His Church would endure forever, and could not fall in error. But He *never did say:* "All My teachings shall be in a book. Read and believe nothing else."

An interesting pamphlet explaining the Catholic teaching concerning such things as the Sacraments, Purgatory, why Catholics do not eat meat on Friday, why we call it Catholic Church instead of "Roman" Catholic, will be sent immediately on your request and nobody will call on you. Write for Pamphlet No. KC-28.

Year's most talked-about new cars

'65 Chevrolet Impala Sport Sedan

'65 Chevrolet Impala

It's '65's biggest, most beautiful change. There's striking new styling. New length, width and lowness. A roomier new Body by Fisher housing an interior that's a knockout. And a more serene Jet-smooth ride with a new Full Coil suspension system. Fact is, if you overlook just one thing you can easily convince yourself you're onto a big expensive car here. And that thing is its Chevrolet price.

CHEVROLET

New Corvair Corsa Sport Coupe

'65 Corvair Corsa

There's never been anything like it from either side of the Atlantic. There's new thin-line hardtop styling for all closed models. More length and width, more entrance and shoulder room in all models.

And a higher powered range of engines—with up to 180 hp available in the top-of-the-line Corsas. How sporty can a car get? Your dealer's got the Corvair that'll show you.

CHEVROLET

See 5 beautiful shapes for '65—Chevrolet, Chevelle, Chevy II, Corvair & Corvette—at your dealer's

BUFFALO TRACE REGIONAL LIBRARY ANNUAL REPORT, JUNE 30, 1963-64

Buffalo Trace Regional Library, a multi-county federation established by the State Department of Libraries, operates in Nicholas County, Carlisle, Kentucky in February, 1963. From this headquarters book and non-book materials and professional assistance go out to the six county members.

In order to participate in this program each member county must provide funds for local salaries and operation of the library. To assure the continued support of these libraries the following counties placed the question on the respective November ballots for the establishment of a library district and the levy of a tax for county library and bookmobile services: Nicholas County, 1961-Bath County, 1963-Lewis County, 1962-Fleming County, 1963. Harrison County and Robertson County receive sufficient support from local funds to participate. Five counties joined the region at its inception and Lewis County joined July, 1963.

To serve this population area of 55,943 the Region Library, through the Department of Libraries, has placed 4,869 new books, and 240 new records in these libraries and 4,130 books on the bookmobiles from the period June 30, 1963, and continuing to June 30, 1964.

The total number of new and old books catalogued for the county libraries in the region by the Regional Staff during the year 1963-64 was 4,589. This is in addition to the already catalogued regional and bookmobile books mentioned above, provided by the Department of Libraries.

A total of 21 reference questions were answered by the Regional Staff. Thirty-four film programs were held with a total attendance of 1,348 using extremely varied subjects.

What improvements were noted in this region as a result of the establishment of a Region Library during 1963-64?

Bath County opened a new library on March 16, 1964. Bath's library began functioning in a building on Main Street, and recently moved to quarters over the Farmer's Deposit Bank on Main Street. The bookmobile librarian also functions as county librarian. She obtained 6 hours of Library Science during the summers of 1963-64. A story hour was held in the library on Saturdays. This is a new beginning for Bath County, and their circulation increased 4,399 as a result. The library board is making plans and working hard for money to purchase the bank building for their use as a library. The library is open 33 1/2 hours per week, Monday and Wednesday, 1:00 to 5:00 p.m.-Friday and Saturday, 9:00 a.m. to 5:00 p.m.

Fleming County placed the question on the respective November ballot for property valuation for library and bookmobile service. The vote in Fleming was favorable. Fleming entered into contract service with Nicholas County, thereby furnishing bookmobile service three days a week. The bookmobile librarian, who is shared with Nicholas, attended the workshop in Frankfort, and obtained 3 hours of Library Science in the summer of 1964. The Library Board is making plans to obtain larger facilities and to make a new budge for their increase from taxes. They are obtaining an advisory board for the purpose of drawing a larger number of people into the program. The circulation has doubled in the period of one year. The library is open 48 hours per week, Monday through Saturday.

In Harrison County, Cynthiana Public Library was named one of the top 10 small public libraries in the nation and won $1500, from the Dorothy Canfield Fisher Award, April 12, 1964. Art classes were held in the library in the evening and an art show was presented during Library Week. A children's reading program was held in the library during the spring of 1964. A new book discussion group and two literary clubs meet in the library. Plans are for a German group to meet in the library. The library board is planning a petition for the spring of 1965 to help with operating expenses. The librarian has received her certificate of Librarianship from the Department of Libraries in Frankfort. The circulation increased 19,784.

Lewis County Public Library circulation has increased nearly 5 times this year. They have an increase of 106,013. They have purchased a card catalog, typewriter, and furniture for their library. The library is located in a former book store on Main Street, Vanceburg. The library board is confronted with plans for more shelving and locating a suitable building lot. The library is open 6 days a week and one evening. The librarian attended the workshop in Frankfort, and obtained 3 hours of Library Science in the summer of 1964. The librarian and bookmobile librarian have temporary certificates of Librarianship from the Department of Libraries.

Nicholas County Library has submitted plans for a new building to the Department of Libraries and submitted application for a Federal Loan. A summer reading program was held during the summer of 1963-64. The bookmobile librarian has obtained 3 hours of Library Science at the workshop in Frankfort in the summer of 1964. The county librarian has obtained 6 hours of Library Science from the University of Kentucky during the summer of 1963-64 and is presently taking 3 hours which will make her eligible for State Certification. Circulation has more than doubled-a total of 34,235.

Robertson County circulation increased about double with 13,304. The library board is planning to increase some needed shelving and some change in hours of the library.

The Regional Library has two revolving collections available on loan to any library in the Region. One collection contains 206 books and the other, 125. We also have films, screens, projectors and talking books that are available to any county upon request.

Harrison County Bookmobile was taken to Scott County for promoting petition in Georgetown. Nicholas and Fleming County loaned their bookmobile to Boone County for promoting petition.

Mrs. Mary Dawkins, Regional Librarian

"FOODS" BOOK HELPS FEED HUNGRY CHILDREN

United Nations, N. Y.—A mad-cap, fun-filled, lavishly illustrated book priced at only 50¢ will help the United Nations Children's Fund to fight hunger and malnutrition among millions of children who are fed the nutrient equivalent of an American school lunch every two days.

Jointly created by the Kellog Company and the U. S. Committee for UNICEF, "Food Wonders of the World" is a history of the world through the foods we eat. It contains hundreds of lighthearted anecdotes about the eating habits of 39 countries, and answers such questions as: Where did watermelon originate? Who grew the worlds first spinach? What was the favorite dish of St. Patrick? What U.S. President introduced spaghetti to the United Sates? What famous American dish was created by a dedicated gambler?

From the Stone Age to the Space Age, the book explores dietary fancies and fads of kings, queens, diplomats, religious leaders, scientists, poets and philosophers, from Confusius to Henry VIII, from Napoleon to today's astronauts.

"Food Wonders of the World" runs the gamut from the reasons for which the Chinese serve noodles at birthday parties to such scientific developments as hybridization, irradiation and algae-cultivation. It reveals how the first coffee-house was started in Vienna, why Nigerian hosts welcome visitors with a bowl of nuts, how sauerkraut came (thats right, came) to Germany and who taught the Russians to cook borscht.

This book is not only a throughly documented work of value to students, hostesses, teachers, people who take their food seriously and people who don't—it is above all a truly fun book, one to whet the appetite of the whole family and to add the spice of light and unusual knowledge to conversation at many meals.

Orders accompanied by just 50¢ per copy could be sent to Food Wonders of the World, P. O. Box 773, Detroit Michigan 48232.
