County Hospital by Davis ambulance was John Baker, 35 of the Upper Macktown Road. He was treated for facial lacerations and for a fractured right leg, which was reported fractured. The job of taking the farm census will be in three stages, the county agent said. The first stage—organizing the team of local citizens in each county to do the census—is already underway. Crew leaders in each county are being recruited and trained. They will have the responsibility of recruiting and training enough enumerators to count the farms and ranches in their counties. Shortly after November 1, the Census Bureau will open stage two by mailing out census questionnaires to all rural holdings in the county, the county agent continued. The second stage, which will have a period of time to consult their records for best estimates for the year and answer the questions on the census.

The Blue Jackets now stand 5-21 for the season. This Friday night the Jackets traveled to Ladlow to take on the Ladlow Panthers. Game time 8 p. m.
