## Let's Have A Safe Labor Day

**Pass The Broomstick** 

Labor Day is a vouthful in-Labor Day is a youthful in-stitution, as national holidays go. But its place in the nation-al life is secure and honored, It provides a formal and wellearned salute to all working people, within and without the unions. And this is a tribthe thirds, and this is a trib-ute that goes beyond the changing problems and con-troversies that have to do with labor legislation and labor's rights and privileges, Too, Labor Day has another

special characteristic. It gives most of us a three-day holiday in this age of the five-day work week And millions of work week. And millions of people take advantage of it to journey in search of new sights and scenes, or to go again to favored vacation spots. Labor Day has become a day of fun, relaxation and sports.

Unhappily, however, that

When the constitution of Ken-

ky is finally revised, we propose it include a new emblem and colors

to match the laws it deems so sa-

cred. We propose as the emblem: the broomstick. Its colors: true

Two hundred years ago, the New England colonists brought from England some "general rules of righteousness." Someone labeled them "blue laws," because of the supposedly true blue conduct expected of Puritans.

Those who failed to observe

Ancient history? Not in Ken-

Those who failed to observe those laws were fined, jailed or hung. The most unrighteous were called witches and many got the dunking board, the stockade or fast

tucky. It may be a little difficult to

get convicted as a witch, but try straying off the straight and true

blue line by working on Sunday and you may feel the long, two-centuries old arm of the law. We say "may"

because the blue laws are as stupid

were in the 17th century.

While set forth to govern the morals of a state, the law as it is being enforced today in central Kentucky has turned into a ridiculous

bright prospect is not realized for an appallingly large num-ber of us. They are the vic-tims of Labor Day's toll of deaths and injuries. The mandled automobile become a killer of almost warlik dimension. The toll of drown-ings steadily mounts and ig-norance or disregard of the

rules and precautious that are essential to safe boating are big factors in this

make them happen. If all of us this coming Labor Day per

comedy of heresy. The owners and
workers of large stores and fact-

some have been labeled witches and must suffer the punishment, while others of the same occupation are deemed the true blue and free of this sacrliege. Only the splash of the dunking board separates the New Haven of 1764 and the Kentucky of

and new citizens to come into our state when, at the same time, we threaten them with arrest if they should work more than six days a should work more than six cays a week, even if their economic sur-vival depends on it? How can we claim "progress" out of one corner of our mouth and puritanical hog-

of our mouth and puritanical hog-wash out of the other?

The Kentucky legislature must either strike this silly law from the records, or issue broomsticks to those of us who hold Witches' Sabbaths by working on Sundays when we feel it is necessary for livelihood.
