Salvation Army Committee

A Salvation Army Service Unit Committee has been appointed in Carlisle and Nicholas County. The Committee consists of Ralph Shearer, chairman; Charles K. Watkins, treasurer; Mrs. Fred Zachary, Morris Whitely, and James Carter, it was announced by The Salvation Army Divisional Commander of Cincinati, John W. Baggs.

The purpose of the local Committee is to render immediate emergency assistance to individuals and families temporarily in need of the necessities of life in Nicholas County.

A campaign for funds is being organized and will be conducted during the last part of Feb. and the first part of March, it was announced by the Chairman Ralph Shearer. Local volunteer workers will canvas house to house, and will turn the money in to the treasurer Charles K. Watkins, at the Deposit Bank. A part of all money raised will be retained in the county to be used here.

Rev. Rayborn Resigns

At a congregational meeting of the Carlisle Presbyterian Church, Sunday, Feb. 14, the congregation voted to concur with the request of their minister, the Rev. W.R. Rayborn, who is asking Transylvania Presbytery to dissolve his pastoral relationship at the Carlisle church because of ill health and upon advice of his doctor.

Clean-Up Meeting Set For Tuesday

Mrs. Charles Wilson and Mrs. Wayne Shumate urge those persons who have been asked to participate in a Clean-Up and Fix-Up planning program for Nicholas County to be present Tuesday night at 7:30, at the court house.

Mrs. Connie Quinn of Frankfort will speak at the meeting. Mrs. Quinn is the director of the Division of Beautification for the Department of Natural Resources.

Harrison RECC Supplies Current To 715 in County

The Harrison RECC supplies electricity to 715 citizens of Nicholas County who live along 167 miles of our electric line. An electrical substation located at Headquarters keeps electricity flowing to half of the county.

Many uses are made of electricity in the county. Farm production accounts for a large block of the energy but the farm home now uses more electricity than in the past. Nicholas County now has 12 all electric homes, 5 of these homes were added in 1964.

Electricity from our lines has given birth to local enterprizes, expanded the operation of them and enlarged the community payrolls. Take a look at your appliance dealers, better schools and better homes; then, you will have some idea of what RECC means to you. Through the cooperation of local appliance dealers in Carlisle and the RECC, your High School does not have a cent of money invested in electrical appliances used in the Home Economics Department of your school. These appliances are loaned to the school system and replaced each year with new ones.

Our business for the year of 1964 has been good and here are some of the results.

Each month our average Member uses 402 kilowatt hours of electricity. This is an increase of 3% over 1963. Some of the 11 miles of new line built was constructed at the Carlisle-Nicholas County Lake. During the year 123 members have been added to our accounts.

New appliances, sold by appliance dealers, are reasons why the use of electricity is up again in 1964. During our promotional program, an accurate count was made of the following sales of new equipment; many of the units were sold in Nicholas County: air condition units 15; total electric homes with electric heating 30; electric ranges and water heaters each sold 140 units; clothes dryers 48; and 140 security lights.

An educated guess would place a water heater in 25% of the rural homes, and water systems in about 40% of the homes. Electric ranges will be found in 60% of the homes.

Inspects Area

Mrs. Connie Quinn, Director, Division of Beautification of the Department of Natural Resources, Frankfort, visited the Lake Carnico development area Monday. The purpose of her visit was to see first hand the area for development, what has been done to date and to advise with the directors on ways of developing the park area, picnic and camping areas, and landscaping the area to be used by the public.

Mrs. Quinn was very complimentary of the progress being made at the lake development, city of Carlisle, and the county.

She will speak at the county-wide meeting of the Nicholas County Beautification Committee Tuesday night, Feb. 23 at the courthouse.

Announces for Sheriff

J. Maurice Cameron, who has served two terms as deputy sheriff, a total of eight years, announced Monday that he would seek the office of sheriff of Nicholas County with Emery Clark.

Mr. Cameron attended the University of Kentucky for two years and finished a business course at Fugazzie Business School, Lexington.

Mr. Clark is a life long resident and farmer of Nicholas County and is also manager of Wigleworth Tobacco Co., Cynthiana.

CofC Elects

New officers of the Carlisle-Nicholas County Chamber of Commerce for the year 1965 were announced this week by Morris Whiteley, secretary. They are:

Richard Jordan, president; Wayne Shumate, vice president; Mr Whiteley, secretary, and Frank Stone, treasurer. New directors--Mr. Shumate, M.C. Blair, Charles M. Cox, R.L. Talbert, William Power, William Parker. Holdover directors were A.V. Allison, Jack Morrison, R.D. Jordan , Dan Rich, Joe Crouch, Dorsey Watkins.

Industrial Arts Is PTA Subject

Industrial Arts will be the subject of a talk before the Nicholas County High PTA meeting Feb. 18, at 7:00 in the school library. A representative of the Morehead College Industrial Arts Department will explain the plans for teaching in this field to keep abreast of the needs of the industrial world.

Parents of high school boys will find an advantage in learning what this course of study includes and its usefulness. Minton Whitt, teacher of industrial arts in Nicholas County High, will introduce the Speaker.

Mrs. John Cleaver will give the spiritual values.

Founders Day will be observed with a short talk by Mrs. Thomas C. Johnson, Seventh District P.T.A. president. Contributions will be accepted to support state wide leadership. Refreshments following the meeting will be served by the hospitality committee, Mrs. Billy Duncan, chairman.

The program will precede the business meeting, which will include the election of a nominating committee to select officer candidates for next year. Election of officers will be held at the March meeting.

School Report Written By Members

By Vernon Craig, Robert Coatney, Dean Auxier, Marion Sims

Nicholas Countians for the past several months have been receiving just one man's version of the Board of Education meetings in this local paper as well as other state papers. One state paper stated the percent of dispute arose from the merging of the schools. The merger had absolutely nothing to do with the situation. The re-organization of the Board, that occurs every two years, when a new board member is elected, is only the climax of many problems. In our Democratic way of voting, a 4 to 3 vote usually constitutes a majority. But at the re-organization meeting only three of the seven members were allowed to vote. When one of the four objected, the Superintendent threatened to call the sheriff and have him arrested. In our County we want freedom of speech and correct and proper use of parliamentary procedure used, do we not?

If a motion was to be put before the Board that did not meet with the Superintendent's approval, the Superintendent and the Board Chairman would not allow the motion to come before the Board for a vote. Can this be Democratic?

Parents have the right to visit the schools and Board of Education meetings any time they care to attend. They are discreetly trying to do the utmost for the patrons and the teachers that elected us to office. Our schools and meetings are open to all interested citizens.

We wonder if the taxpayers of our county know that our Superintendent has bought with their money such items as a bulldozer, blacktop spreader, harrow and many other items that merely occupy space and are rusting away? Is this the kind of school management we need?

Did you know that one of your elected Board members was threatened by the Superintendent just because he failed to agree with him? Threatened to "rock his block off" and made gestures? In our county, don't we have the right to voice our convictions without being threatened with bodily harm?

In the school year of 1963, some of the Board members visited our schools. We think it is our duty to do so. The visitation did not meet with the approval of our Superintendent. He demanded to know who authorized these visits.

Do you taxpayers know who drives your school cars and trucks and for what purpose? These vehicles can be used only for school purposes.

Did you know your Superintendent spends your money going to Frankfort several days some weeks?

A representative from the State Department in Frankfort advised our Superintendent to keep all school problems out of the newspapers. Have you noticed the numerous articles in the last few months written by the Superintendent related to these problems?

Did you know the Superintendent would like to have more of our schools condemned so he could place several hundreds of thousands of tax dollars against you?

Do you think a Superintendent should try to induce other Board members to sign a letter to

Baptist Church Anniversary

At the morning worship service on Feb. 21, the Carlisle Baptist Church will celebrate its 146th anniversary. The church was founded Feb. 25, 1819. In conjunction with the anniversary celebration, there will be a note burning ceremony commemorating the retirement of all church indebtedness of the educational building which was erected in 1956.

Former pastors have been invited to attend or send a message to be read during the ceremonies.

Everyone is cordially invited to attend this service.
