Mrs. Wilson Hostess To Homemakers

By Mrs. Edgar Scott

The Miranda Homemakers met at the home of their home agent, Mrs. Margie H. Wilson for an afternoon meeting, Wednesday, Jan. 13. Twenty two members and three children attended.

Mrs. Maurice King, president, presided over the business. Devotion and prayer was given by Mrs. Joe B. Delaney. Reports by various chairmen were given. Plans were made to visit the County Home and take treats to the old folks there and to remember the McNabb family with canned foods at our Feb. meeting.

"Refinishing old and new picture frames" was the lesson, which was very interesting, given by Mrs. Carl Hughes and Mrs. Albert Booth. They showed several beautiful frames they had refinished in various colors.

Refreshments were served by the hostess assisted by Mrs. Cecil Smart and Mrs. Edgar Scott.

Our next meeting will be held at the home of Mrs. Walter Kendall with Mrs. Lonzo Shaw co-hostess on Feb. 10 at 11:30. An auction will be held at this meeting.

F.H.A. News
By Carolyn Trapp

The Nicholas County High School F.H.A. had their regular meeting on January 13. Gayle Bradley had a very inspiring devotional. Susie Duncan gave a dramatic reading and some of the Home Economic III, students presented a skit. There were many reports made. Remember each member should turn in their points to Rita Dayton as soon as possible.

All enjoyed the recreation and songs.

Moorefield Homemakers

The January meeting of the Moorefield Homemakers was held at the home of Mrs. Joe Smart with Mrs. Herman Vice as co-hostess. Thirteen members and Mrs. Wilson answered the roll call by telling if we got what we wanted for Christmas.

The business meeting was conducted by Mrs. James Hamm, president. The devotional was given by Mrs. Harvey Wilson, who also led us in singing.

The lesson on pictures was given by Mrs. Jack Becker and Mrs. Hanson Ellington.

Games were led by Mrs. J. S. Wilson.

An auction was held and baby food for Linda McNabb was donated. We decided to send ice cream to the County and Convalescent Homes this month.

The next meeting will be at the home of Mrs. W. J. Clark with Mrs. Mabel Becker as co-hostess. We will have another lesson on pictures. Don't forget your gift for your Cinderella Sister!

Out Our Way
By Lottie O'Bannon

Stanley K. Wilson came home Wednesday, Jan. 13. SP/4 Ronnie Wilson left Monday for Ft. Bragg, N. C. He is expected to leave soon for overseas duty.

Little David Young, son of Chester and Mary Young had surgery at the Nicholas County Hospital Saturday.

Mr. and Mrs. Lewis Jordon Clemons of Lexington have a little girl. She was born Saturday. Teresia Louise is the name given the little lady.

His father's '65 Ford..... rides quieter than his father's Rolls-Royce

We know it's hard to believe a Ford could ride quieter than the famed Rolls-Royce. But it's a fact. Leading acoustical consultants conducted tests in which three V-8 powered Fords (Galaxie 500 Sedan, new Galaxie 500/XL and LTD Hardtops) with automatic transmissions rode quieter than a new Rolls-Royce. The tests were certified by the U.S. Auto Club. Of course, the best test of all is to get behind the wheel yourself . . . and listen to a '65 Ford in action.

That's what Chuck's father did. Ford's quietness really impressed him. But it wasn't the quietness alone that sold him. He shopped around and found that Ford offers features and models and quality that simply aren't matched by other cars in its class. For example:

- 100% new body—strongest Ford body ever.
- New frame "tunes out" vibration.
- Decorator-appointed interiors in LTD's, thick nylon carpeting.
- More luggage space than in most competing cars—trunk holds four 2-suiters standing upright with room left over.
- Thrifty, quiet new Big Six—the biggest Six offered by any car in Ford's class . . . 289-cu. in. V-8 in XL's and LTD's.
- All automatic transmissions have three speeds, not two as in some competing cars—smoother shifting, more economy.
- Silent-Flo ventilation (in 4-door hardtops) provides fresh air in car with all windows shut.
- Handy reversible key works either side up.

There's more . . . much more in a Ford than you'd expect for the money. Visit your Ford Dealer and take a test drive soon.

Signup Hours For 1965 Feed Grain Program

Farmers will have an opportunity to sign up in the 1965 feed grain program early in February, according to George M. Nelson, Jr., State Executive Director, Agricultural Stabilization and Conservation State Office. The signup period will be for 7 weeks, from February 8 through March 26.

During the signup period, winter wheat producers who signed up in the wheat program last fall may change their intentions, except that in winter wheat areas growers may not overproduce wheat and store it under bond unless they stated their intentions to do this at the time of signup last fall.

As in previous years, the Director explained, the feed grain program will be voluntary and each operator of farms growing one of the three feed grains covered by the program will make his own decision about whether to take part. The program is available for corn, grain sorghum, and barley.

Farmers who participate in the program will be eligible for diversion and price-support programs, and for price-support loans on their entire 1965 productions of the three grains. The price-support payments will be made to participants whether the feed grain produced in 1965 is fed on the farm, sold, or placed under a price-support loan.

To take part in the feed grain program, the farmer will agree to take out of production and devote to an approved conservation use at least 20 percent of the total feed grain base. Maximum diversion is 50 percent of the base or 25 acres if this is larger. The reduction may be on any of the three acreages, and the diversion payment will be based on the crop diverted.

Diversion payments, if less than 40 percent of the base is actually diverted, will be made at one-fifth of the county support rate on the normal production for the first 20 percent diversion, and at one-half the support rate for the normal production from the remaining percentage. If 40 percent or more of the base is diverted for payment, the higher rate will apply to all the acreage diverted.

TOO MANY SHORT TERM DEBTS?

Consolidate short-term debts with a long-term Land Bank loan. Lower principal payments free cash for operating capital. Low interest rate! And you can prepay your loan without penalty. See us!

$40 Billion Spent By Farmers

Lexington -- Farmers are a relatively small part of the U.S. population -- but they spent $40 billion last year for goods and services.

That's the report of John A. Schnittker, USDA agricultural economics division director.

The $40 billion included consumption and business outlays, he said. He predicted farmer purchases would increase, due to newer farm production technology.

He noted farm production was 19 percent higher in 1963 than it was in 1953 and 35 percent higher than at the beginning of World War II in 1941.

Production expenses in 1963 were more than $29 billion. Farmers spent the most for fertilizer, machinery purchase and upkeep, feed and many other items. Farm exports were more than $6 billion.

"Fifteen years ago the average U.S. family spent 26 cents of each dollar of spendable income for food. Last year it was 19 cents. In other developed countries of the world, citizens spent a higher proportion of income for food. But if farm prices for food had advanced to the same extent as retail prices have the last few years, expenditures by housewives would be one sixth larger than it is now.

"War on Poverty."

Applications for loans are being received now by some 1,600 U. S. Department of Agriculture local offices for loans up to $2,500 to finance small family businesses, trades, services and farming enterprises. Rural cooperatives serving low-income families and providing services and facilities not otherwise available also may be eligible for credit under the program. Management aid also will be available to borrowers.

A total of $35,000,000 is authorized for the new credit program for the current fiscal year.

Freeman said about 3.5 million families in rural areas, including 500,000 farm families, will be eligible for the loans. Interest rate is 4 1/8 percent. Applicants must live in a rural area, have a low income insufficient for basic family necessities, be unable to obtain credit from other sources (including the regular FHA program) and show "reasonable promise of succeeding in the enterprise to be financed by the loan."

The Farmers Home Administration will administer the new loan service under the Office of Economic Opportunity.

Credit Service For Low Income Rural Families

A new service of government credit aid for many low-income rural families was announced last week by the U. S. Department of Agriculture.

Purpose of the credit service, says Secretary Orville Freeman, is to help low-income families in rural areas raise their income. It is part of the
