"By heating our new home electrically we get first class living at budget prices"

"We paid only \$115.20 to heat our entire home electrically last year," says Mr. Lewis. And that wasn't more than our old system! No dust, no gas, no fumes, no noise, and you get the exact temperature you want, where you want it, with individual room control."

This all-round satisfaction is typical of people who have electric heating. It's the most modern, worry-free, first class type of heating available.

If you're planning to build, buy or remodel, see our heating specialists and learn the advantages of electric heating—an important part of the joy of total electric living.
