UC Award Given
To Dr. Asbury

The University of Cincinnati Medical Alumni Association Saturday named Dr. Dale Asbury, prominent Cincinnati physician, a distinguished Alumnus.

Dr. Asbury, 74, received the citation, which is only given occasionally, at the association's annual reunion banquet at the Netherland Hilton Hotel.

Dr. Stanley F. Dorst, dean emeritus of the U.C. medical college, presented the award to Dr. Asbury for his outstanding service to the college through the association.

An alumnus of the medical college class of 1930, Dr. Asbury is chairman of the association's executive council. He was instrumental in the formation of the

organization shortly after World War II, and he has played an active role in association affairs ever since.

Widely-known as a breeder of race horses at the Forest Hill Farm in Kentucky, Dr. Asbury last year inaugurated "Play at the Races" at the Leland race track. All proceeds above expenses were donated to the U.C. medical college. The event will be repeated this year.

Dr. Asbury is not only one in his family who is proficient in medicine. His wife, Mary Eugenia, Asbury received her M.D. from the University of Cincinnati in 1928. Their two sons, Dr. Taylor Asbury, of Cincinnati, and Dr. Arthur Asbury, of Boston, Mass., also received their M.D.'s from the University of Cincinnati.

4-H'er Takes and Makes Photographs

That's what Dennis Hunt, son of Mr. and Mrs. Clay Hunt of Carlisle, likes to do as one of his favorite projects. Most everyone finds that taking pictures in his 4-H club members who participate in the 4-H Photography Project find that developing your own pictures can be very interesting, too. The project helps boys and girls to be alert for things and events that are worth remembering and to teach them to follow a few simple rules to make each snapshot mean more to us. They'll also learn how to make good pictures, improve the quality of snapshots, how to photograph people and animals, how to properly operate and care for the camera.

The 4-H Photography Project provides an interesting and educational activity for all boys and girls. It can develop into a very useful hobby or profession. Members learn to appreciate photography as an art, as a science, and as a communication tool; provides experience in recording events, ideas, and situations in picture form for study or reference.

Dennis just recently purchased a developing kit which enables him to develop his own pictures. Boys and girls wishing to participate in this project can contact the County Extension Office for additional information.

COMMENTS - MY VISIT AT 4-H LEADERSHIP CONFERENCE

From Page 4

The State Style Revue was held Thursday morning. I was honored to be asked to play the organ for the revue. That night the annual 4-H banquet completed the week. The citizenship ceremony followed for all delegates. I was invited to accompany one then went to Memorial Coliseum to listen to the United States Army Band Concert. We had a farewell party to complete the week.

I would like to thank everyone that contributed in making this trip to the Leadership Conference possible.

This was my second year to model in the state style revue. This is an exciting experience. Miss Kathleen Dempsey, Simplicity Model, taught us how to model our garments. We spent most of our week modeling. The style revue was held Thursday at the Memorial Coliseum. Girls from different counties in Kentucky participated. We were joined by the winners of the style revue, Miss Joann Tobin of Breckinridge County and Miss Betty Joann of Shelby County. Thursday night a banquet was held in the ballroom at the Student Center. Later we were en-
