Your Telephone Bill Will Have A New Look

We are now using computers to prepare customer bills for Carlisle. The first bills will be prepared by this new method will go to telephone customers here within a few days.

The new bills will enable you telephone company to handle your account much faster and more accurately.

The new bill combines local service charges and itemized long distance charges on a single bill with your bill. In place of the usual you formerly received. This punched card makes it possible for you to credit your account promptly. This why it is so important that YOU RETURN THE CARD TO US.

Because this card is processed through a computer, it is necessary that it not be folded, torn or stapled.

Please follow these steps in paying your bill with the new statement.

If you pay by mail, return ONLY the punched card with your payment in the envelope which is pre-addressed for your convenience. Please be sure that the address on the punched card shows through the larger of the two windows on the envelope.

If you prefer to pay your bill in person, please bring BOTH the punched card and the telephone bill with you. In this way the receipt can be given to you by stamping the bill "PAID".

DID YOU KNOW THE TELEPHONE HOUR WILL SOON CELEBRATE ITS 25th ANNIVERSARY AND IT'S STILL GOING STRONG! Of course, there are a lot of reasons for the success of the Telephone Hour. Good music. High quality performance. Top guest stars. But on a program like this, much depends on its musical director, Donald Voorhes.
