modern electric motor manufacturing plant is cordially invited to the May 24th open house running from 2 to 7 p.m., according to Max R. James, manager of the new plant.

Located on State Highway 60, one mile east of Mt. Sterling, the one-story manufacturing facility has 100,000 square feet of floor space. Production is already underway with an initial employee force of approximately 100.

Principal product of the new plant is hermetic motors designed primarily for refrigerant compressors used in air conditioning and refrigeration equipment.

The division, which has its main plant at Tipp City, Ohio, also produces other motors for the heating and air conditioning industries and pump motors for the water systems field, plus fractional and integral motors for a variety of other applications.

Pre School Clinic Set

Dr. B. F. Reynolds, Health Officer at the Nicholas County Health Center, announces the pre-school clinics will be held Monday, May 24, Tuesday, 25, Thursday 27, and Monday, May 31, Tuesday, June 1, and Thursday, June 3, to do required immunizations and examinations for all first grades in Nicholas County at the Nicholas County Health Center.

With the enactment of the immunization law in Kentucky in 1962, it requires al children 18 years of age and under to be immunized against diptheria, pertussis, tetanus and pollomyelitis. This is in addition to the
