Demand more "big" in your big car. Insist on Dodge Polara!

Go ahead. Be rebellious. Demand more "big" in your big car. And get it at a price that won't take a big bite out of your budget. By Dodge, you've got a Polara! More "big." More "hot." More of everything other cars don't have. Ever see the likes of it? Neither has your next door neighbor or the doorman at the club or the parking attendant who can easily pick Polara from a lot full of "me, too" cars. Polara's different. All right. Looks, drives, performs like the elegant piece of machinery it is. Complete with all these items that used to cost extra: Outside mirror. Padded dash. Variable-speed electric windshield wipers and washers. Backlighting. Turn signals. Seat belts, two front and two rear. Insist on Polara at your Dodge Dealer's. A beautiful new way to break old buying habits.

for every home, redddy has the perfect yard light

The only problem - which lamp? They're all so beautifully designed, so perfect for giving your home and yard that just-right touch of decoration. Equally, a yard light is just about the most practical thing you can buy. It turns late arrivals into safe arrivals ... no stumbling in the dark over a toy or implement. Discourages prowlers ... but extends a warm welcome to guests.

So see your dealer soon. Ask him to show you the new and exciting styles of electric yard lights. You'll find one just right for your house and yard - another step toward the joy of total electric living.

the more of these we have

the more of these we need

Kentucky's universities, colleges and vocational schools must expand to meet the need for better education and job training for our people.

Modern highways attract tourists and new industry ... create more jobs ... help our rural economy.

Our new parks attract visitors and stimulate our economy ... create more jobs ... help our rural economy.

Health facilities must be expanded to provide care in expanded county health centers.

Let's not miss the boat! The \$170 million of highway money provided by the Kentucky Bond Issue will expire on 10/27/65. In Federal Matching Funds for the road building program, and secondary roads, we have the most opportunity to get our share of federal money. Other surrounding states have already passed bond issues, expiring months of age. We must pass the Kentucky Bond Issue if we are to get our fair share of federal money.

Your vote on November 2nd can help pass the Kentucky Bond Issue which will raise the money we need for new highways, schools, parks, hospitals. Passing the Bond Issue, which amounts to \$170 million, will enable us to get a total of \$605 million in Federal Matching Funds and money from other sources, so that we can meet the needs of our state while keeping Kentucky taxes low. "I Don't Like The Catholic Church BECAUSE..."

Ask any non-Catholic to finish this sentence in 25 words or less and their answers might sur-
prise you.
They would, for no doubt,
would attribute their opposition
to doctrinal differences. They
might be critical of some or all
of the seven sacraments accepted
by Catholics. Others might not
like the Church's ritual and devo-
tions, or even the Catholic atti-
tude on social questions.
But none of these is the domi-
nant reason for the opposition
of some people ... and the un-
willingness of others to inquire
into the truth of Catholicism.
The great stumbling block is
the unwillingness of many peo-
ple to believe that priests and
Bishops and a Pope ... all men
like themselves ... are vested
with divine authority to speak
for God.
They refuse to believe that
another human being has the
authority to forgive sin, even
though Christ told the Apostles:
"Whose sins you shall forgive,
they are forgiven them; whose
sins you shall retain, they are
retained." They reject the idea
that God delegated any of His
powers to mere men, and have
delegated His power to any but
the spiritually perfect ... and
there are no such people. In con-
tradiction of this, Christ clearly
did appoint deacons to teach
His gospel and ... though He did
