How your "Yes" vote for the Kentucky Bond Issue will help you and help keep Kentucky taxes low

If the Kentucky Bond Issue is passed on November 2nd it will enable our state to take advantage of \$25 million in Federal Matching Funds and money from other sources, so that we can meet the needs of our state while keeping Kentucky taxes low. It will enable us to build the primary and secondary roads we need as well as the new Appalachian and interstate systems. We will be able to provide new facilities at our schools, colleges and universities to meet the demand for better education and job training.

We can provide much needed public health facilities, new parks, community libraries, child welfare centers.

So let's not miss the boat. This Bond Issue will benefit all parts of our state, and requires no increase in taxes. The Kentucky Better Roads Council.
