..... liming ...
IS AN INEXPENSIVE FARM OPERATION

- It costs less each year to keep each acre of your farm properly supplied with lime than it does to:
1. Plow an acre of land.
 2. Take a 50-mile trip in your car.
 3. Take the family to the movies.
 4. Buy the seed to sow an acre of wheat.
 5. Prepare the land and plant an acre of oats.
 6. Harvest an acre of corn with a mechanical picker.
- Make liming one of your regular farm operations—the cost is low and the returns are high, not only in the money you get for the higher yields of better crops, but in the satisfaction of knowing that you are doing a better job of farming. See us about your liming needs.
