SUBSCRIPTION RATES PER YEAR

In Kentucky, one year . . . \$3.00 plus 6¢ tax \$3.09  
Out-of-State, one year . . . \$4.00 plus 6¢ tax \$4.09

## Pastures Need Top Dressing Now

Kentucky meadows and pastures can be top-dressed with lime-sulfur phosphate and potash this fall, says George D. Corder, U.K. Cooperative Extension Service agronomist.

In autumn, ground usually is firm enough to bear spreading equipment, he said.

There are several reasons for this fall top-dressing. One is that agricultural liming agents will fall to the soil this winter. It may give larger crop yields next year than if the application is delayed until spring, 1966.

Phosphate and potash applied this fall will benefit next year's crops just as much as if it were applied in the spring.

Corder emphasized that soil tests and past clipping and fertilization

history are the best guides to amounts and types of limestone and fertilizer needed. No fertilizer or limestone should be applied without a soil test first.

If soils show needs for phosphate and potash, pastures and meadows (but not alfalfa fields) should get 30 pounds of P<sub>2</sub>O<sub>5</sub> and 60 pounds of K<sub>2</sub>O an acre. Alfalfa fields should get a top-dressing of twice these amounts plus from one and one-half pounds to two pounds of elemental boron.

Some farmers try for extra high yields of alfalfa. Corder said, "This is a very costly and often unwise practice. It requires applications of phosphate and potash in amounts which should be kept to the proportions recommended here."

## 'Make a Good Breakfast Sir'

Many a homemaker has trouble in getting the family up in the morning. It's hard to leave the cozy corners of bed. The American Dietetic Institute suggests using meat as an ally.

As it observes, the nerve-stimulating aroma of frying bacon and sizzling pork stimulates eyes wide and better breakfast habits. So do all manner of other breakfast treats. Perfuming appetites is particularly important in the case of children. According to dietitians, they can work and play best if they have one fourth to one third of their daily protein requirements at breakfast. And when it

comes to white collar workers, meat at the start of the day eliminates the yawning for high-calorie mid-morning snacks.

Some other good ideas—for youngsters who are going through a boredom-hamburger phase, remember a variety of ways to make appetizing high quality protein and adapt them to morning needs. They can be used in a variety of ways to make appetizing hum and get them off to school with abundant energy.

John Galworthy, the famous English writer, once said, "Make a good breakfast; I always say a half-breakfast man is no good."

## How to Keep Out of Trouble

If children were taught in the home by their parents and in the schools and Sunday schools by their teachers, one simple little rule of action, think of the sorrow and suffering it would save, not to mention the countless millions of dollars.

This rule of action wouldn't require any new laws, it wouldn't cost a dime of taxpayers money, and it would reduce the cost of law enforcement and court trials. Respect for the law would eventually become automatic with most children as they grew up.

There wouldn't be so many news

reports of murder, robbery, kidnaping, rape, purse snatching, automobile stealing, etc., etc.

And what is the rule of action that would reduce our vicious crime record, if it became part of the thinking of children when it was taught to them daily by their parents and schools, along with suitable illustrations of what it means?

Rule—"Keep your hands off other people and other people's property. It's that simple to keep out of trouble."

According to word received by his parents, Mr. and Mrs. James W. Parker, married, Miss Geneva Hollar and Charles Papp, Jr., Wednesday, Sept. 15, Mrs. Bess Alexander and Rev. Carter Morris, Sept. 12, Mrs. Eugene Smoot, and Rev. Joseph Maxwell and Rev. John Wesley Quinn, the pastor of Dr. Archer Gray's home Saturday, a double wedding ceremony was performed Sunday, Sept. 12, at the home of Judge Shepherd. Miss

## THIS BACKSEAT DRIVER IS WELCOME!

Car manufacturers and dealers emphasize the need for high school graduates to drive safely.

## REDUCING TOMORROW'S CRASHES

Some of today's automobile accidents actually started to happen months or years ago. The mishap could very well have had their inception in the inadequacies of catch-as-catch-can driver-instruction given to those behind the wheels of the cars involved.

It is gratifying to note, therefore, that the availability of accredited driver-education courses in high schools across the nation is escalating; that some states have made it compulsory.

The school training goes far beyond the mere mechanics of the driving operation. Students are made aware of accident situations on quality and price. Photographs or drawings let the consumer know just what a product is and illustrates its usefulness. Such realism possible only in newspaper advertising, gives the necessary selling impact.

Some newspapers are equipped to do a complete job—and they are doing it.

One newspaper's new job is just as important to the advertiser as it is to the editor, because local advertising is highly interesting news to the reader.

We read it with much interest as Carlisle will always have a special place in our hearts.

We congratulate you on the part of Mercury which continues to play in the outstanding progress made in this Carlisle County in recent years.

Sincerely yours,  
Gerald A. McNeely

## Newspaper Ads Have Impact

Newspapers have impact which is not attainable in other media. Not only does the reader get the message in newspaper advertising, he retains and understands it, and he can act upon it immediately.

The advertiser can make his message as clear and convincing as possible, since he is allowed all the space he needs. This results in a case of communication with the reader.

The consumer's time is valuable, and time can be saved for his convenience in quality and price. Photographs or drawings let the consumer know just what a product is and illustrates its usefulness. Such realism possible only in newspaper advertising, gives the necessary selling impact.

## THE CARLISLE (KY.) MERCURY

Thursday, September 23, 1965 Page 3

**SALTWELL**  
By Mrs. Fred Hollar  
Quite a large crowd attended the funeral of Mrs. Beatie Snapp at the Headquarter Church Wednesday morning, Rev. Curtis Jones conducted their service and burial was in the Saltwell Cemetery.

Mrs. Snapp had many friends here who regret her passing. Mr. and Mrs. E. H. Gaines were Sunday dinner guests of Mr. and Mrs. Randall Ritchie and Little Timmy Gum of Carlisle spent a day or two the past week with Mr. and Mrs. Freddie Gaunce.

Mrs. Fred Sewell spent Saturday night and Sunday with Mr. and Mrs. Fred Hollar and accompanied Miss Sewell home after a visit here.

Miss Lucy and Linda Howard from Cleveland, Ohio spent the past week with their mother, Mrs. Edna Lollman in Millersburg.

Mrs. Irene Heflin spent from Wednesday until Sunday with her son Donald and family in Paris, Ky. Mrs. Martin Heflin accompanied a group of Nicholas County 4-H'ers to the State Fair at Louisville, Saturday.

The Headquarter's Methodist Men will meet on Thursday night at 7 o'clock with Raymond Wesley as speaker. Supper will be served and everyone is invited.

Correction—fly mistake in last weeks paper it stated that Miss Linda Cain left on Sunday to attend Eastern College. It was Linda Ritchie instead of Miss Linda Cain.

About 50 young folk of the Headquarter's Methodist Church enjoyed a wetter roast and party on Friday night under the direction of Rev. E. H. Gaines and the various counselors.

There are 19 reasons why mail can be missed...

For floral centerpieces, follow the principles of flower arrangement, harmonious colors, a point of interest, and variety in height and width. Remember, too, that most table decorations are seen from all sides and should be equally as attractive from any angle.

For floral centerpieces, follow the principles of flower arrangement, harmonious colors, a point of interest, and variety in height and width. Remember, too, that most table decorations are seen from all sides and should be equally as attractive from any angle.

TABLE DECORATIONS The perfect meal, where there you're serving guests or curbing your own appetite, depends on good food, friendly company, and an attractive table. Decorations give the finishing touch to the table setting. They're not too difficult but should be selected with care. The rules for decorating a table are simple.
