Local Business Spotlight

This Week's Spotlight
Luther Hollar, Gulf Oil Products Distributor, since Feb. 1961, and Carlisle Gulf Service Station is a native of Nicholas County and a graduate of Carlisle High School.

His wife, Opal, was a resident of nearby Robertson County prior to their marriage. Mr. and Mrs. Hollar have two daughters, Mrs. Earl Finch Jr., Carlisle and Mrs. Kenneth Hill, Lexington. Both are graduates of Nicholas County High School. The Hollars are members of the Hartsville Methodist church. Luther is a member of, and a former director of the Farm Bureau, past master of the Elbe Licks Lodge and a member of the Fiscal Court. The Distributor Plant sells Gulf gasoline and oil products as well as selling the Service Station is on Highway 32 at the West end of Carlisle. The service station is also the Greyhound Bus Station for Carlisle.

Luther's motto is just three words, "The Golden Rule."

This article is sponsored each week by the Carlisle Mercury.

Sunday morning at the regular Sunday school hour.
The CVF will have their program at 6:00.
Mr. and Mrs. Carl Blunt of Lexington and Mr. and Mrs. Carl Blunt Jr. of Tenn. visited in town Sunday.
Raymond Bean was in town last week.

Motorola 23" Color

Motorola's new rectangular picture tube is over 3" shorter than the tube cop on the back of the cabinet doesn't stick out. For this reason a Motorola Compact Color TV doesn't leave a big gap between the cabinet and the wall.

Why is ELECTRIC HEAT so economical ... check these logical reasons.

WIRE'S FASTER. Electric Heat is installed in a fraction of the time needed for other systems. No ductwork; just quick-to-install wires.

FUEL TANKS are unnecessary when you heat the room with electric heat. Saves money; and you never "run out" of fuel!

\$7500 BONUS

Members of this cooperative can earn a big cash incentive by installing Electric Heat now. Whether you plan to build a new home or remodel your present one, let us show you to discuss your plan with our Power Use Department.

INEXPENSIVE. Electric Heating units have few moving parts and require little or no maintenance. Costs less than bulky old-fashioned systems, too.
