Trade where there's no extra charge for the trimmings

PRICES are always relative...whether they're actually high or low depends on what we get for our money.

Local business and service establishments offer the same goods for similar prices...or less...that we can get in some distant city or town...plus...at no extra charge...more convenience, quicker service in times of emergency, more personal interest in our needs and problems, important help in the financial support and upbuilding of this area in which we live...and upon which we depend for a living.

These extras, and many more are ours...no extra charge...when we patronize our friends and neighbors in business here at home.

James Promoted

Tipp City, Ohio, the appointment of Max R. James as manager of industrial engineering for A. C. Smith Corporation & Electric Motor Division has been announced by S. A. Smith, division director of operations. In this position, he will, working out of the division's headquarters in Tipp City, Ohio, have full responsibility for all industrial engineering, routing, and estimating activities at both Electric Motor Division plants.

James has been plant manager of the Mr. Sterling plant since it began operations in January, 1965. Appointment of a new plant manager at that facility will be announced shortly.

Previous to heading the Mr. Sterling operation, James was supervisor of work measurement estimating in Tipp City.

Born in Portsmouth, Ohio, he attended high school there and was graduated from Transylvania College in Lexington.

The division manufactures electric motors for the air conditioning, heating and commercial refrigeration industries, pump motors for the water systems industry, and fractional motors for a variety of other applications.

Motorola 23" Color

Motorola's new rectangular picture tube is over 3" shorter than conventional round color tubes, so the tube can be set out to rest. This means a Motorola Compact Color TV doesn't have a big gap between the cabinet and the wall.

Wouldn't you prefer Color TV with the full-screen look...and compact styling?
