**INSPECTION PERIOD FOR THE PROPERTY TAX ASSESSMENT ROLL**

The NICHOLAS County property tax roll will be open for inspection from May 2 through May 6. Any taxpayer may inspect the tax books to check his own assessment and compare it with others in the county.

This is the assessment on which school, county, and state taxes will be due on September 15, 1966.

The tax books are in the office of the county tax commissioner in the county courthouse and may be inspected between the hours of 9 A.M. and 4 P.M.

Tax Commissioner  
Nicholas County

**LET'S SPEAK UP FOR KENTUCKY!**

**Harrison Rural Electric Cooperative**

Kentucky wants new industrial plants, and we have a story to tell industry about the advantages of our central location, our efficient transportation, our abundant power and raw materials, our good labor supply.

Kentucky's Rural Electric are helping to tell this story by running national magazine advertising on behalf of our state, and by person-to-person presentations to prospects for new plant sites. The success of this effort will mean more jobs for Kentuckians... a more prosperous economy.

Let's all speak up for Kentucky! Wherever you go, whenever you meet, tell them about the advantages of Kentucky as a place to work and live and do business. All Kentuckians will benefit!

**Telephone Talk**

by Your Telephone Manager  
**CHARLES A. HARRIS**

RECENTLY I overheard two very prominent ladies of Nicholas County talking. The first one said, "I have nearly run my legs off today answering the telephone." The other said, "I used to have the same trouble until John gave me an extension telephone in the kitchen. I tell you I wouldn't be without one now. I just didn't realize how convenient another telephone could be." DO YOU realize how convenient an extension telephone is, or are you "running your legs off?" An extension telephone can be yours for a very low cost. Call our business office at Paris today and let us install the most convenient appliance you have ever seen.

Our 1966 directory for Carlisle closes May 10. Now is the time to call us if you have teen age sons or daughters who want to be listed in the directory. Or perhaps you have kin folks living with you that need to be listed. This can be done for a small additional charge so why not call the business office in Paris today.

Calling someone in FLORIDA? You may not know it, but Florida now has three Area Codes. If you have any doubt as to which area your friends are in, just call your local Long Distance Operator and she will tell you which Area Code you should use for the city you want to reach.

**GARRETT'S FURNITURE**

**You can have one in every room when you heat your home with flameless electric heat!**

Electric heating provides perfect comfort all through your home—the exact temperature preferred in any given room. Cool for sleeping, warm in the living room, extra warm in the nursery and bath. You dial the heat you want on individual room thermostats.

And flameless electric heating is safe, quiet and dirtless. Clean as electric light too—it just can't make dirt. Once you have it, you'll say it's worth every penny it costs—especially with KU's new low rates. Best of all, you'll be enjoying the total electric living that everybody loves! Call us for full information on modern electric heating.
