

It's That Time Of Year

Gaudy red birds perching and darting, tree branches spreading, green leaves falling and swaying, And over all an air of festive gaiety and warmth that brings back happy memories of Christmas seasons past. Maybe you recognize the picture in which hundreds of artists' hands have worked together to bring up the letters and parcels, and soon will be soon millions of pieces of mail every day. Christmas Seals have been carrying their message of better health for sixty years. Each year's choice is the result of a contest in which hundreds of artists' hands have worked together to bring up the letters and parcels, and soon will be soon millions of pieces of mail every day.

Christmas Seals aren't just to make your mail look prettier. They help such things as the struggle to get rid of TB, the fight against air pollution, the search for ways to light common cold, and the Christmas Seal association's program to combat the serious lung disease with the unpronounceable name — emphysema (em-f-i-see-ma). It's more than a slogan — it's a literal fact — what "Christmas Seals fight tuberculosis and other respiratory diseases." The 1966 Christmas Seal Campaign is now under way. Its success will insure the continuation of a widespread struggle for respiratory health. Answer your Christmas Seal letter today. If it hasn't reached you, phone or write your Christmas Seal association and find out why.

Mr. and Mrs. Hancey Tucker, Lewis, announce the birth of a daughter, Barbara Ann, December 1, 1966, at the Nicholas County Hospital. Mrs. Tucker, Lewis, is the former Sara Nell Seaman.

The club decided to have a chairman from each grade. They are: Freshman Class, Debbie Foy; Sophomore Class, Mary Galbraith; Junior Class, Diana Stone; Senior Class, Brenda Turner. The meeting was then addressed by Carl Sue Wallace, Tri-Hi-V President.

CHRISTMAS CARDS 73c Individual Cards from 5c to \$4.00 MORRISON'S Now is the time to select the cards you will need for relatives and friends

Hospital Notes: Mr. and Mrs. Evans Entertained Sunday. Mrs. George Dale Presents Program. Dear Mercury Subscriber: There comes a time when it is necessary that our subscription rates be kept abreast to some degree, the rising costs of doing business.

Price Range \$2.50 to \$15. We have our best crop ever. PAUL MIKKELSON, MIKKELPINK, ECH WHITE. These varieties stay in good bloom from 3 to 4 months. Order now for the hospital, home or that special occasion so your friends and loved ones will enjoy a lovely Poinsettia thru Xmas and the months to come. Small's Greenhouse

E. O. Loans

Continued from Page 1 or after loans are made. The loans will be made either to start a small business or improve an existing one. In all cases the community must clearly stand to benefit, usually through expanded employment opportunities. There must be reasonable assurance of repayment. The loans will not compete with those of other lenders since there must be good evidence that the credit on the necessary terms is not available elsewhere.

Mr. and Mrs. Robert Castle of Lexington announce the birth of a daughter, Melissa Jane, on Nov. 14 at the St. Joseph Hospital, Mrs. Castle is the former Sara Nell Seaman.
