**NICHOLAS COUNTY LIVESTOCK NEWS**  
MARVIN CASWELL  
Purina Feeding Advisor  
NICHOLAS COUNTY FEEDERS  
Carlisle, Ky. Phone 1000

**MILK MARKET NEWS**  
Prices for fluid milk averaged almost 8¢ above year earlier during January through June 1966. Manufacturing grade milk prices climbed 40¢ over 1/2¢ or 12¢ higher than a year ago. According to economists, favorable prices for milk are expected to continue. The milk price trend looks real good for dairymen, so what you need is more milk per cow. How do you get more milk? One sure way to increase milk production is to top feed Purina Golden Bulky or have us mix it into your milking ration. Another way is to find out the new way Purina Research has discovered to increase milk production by following proven feeding programs.

**A NEW STAR FROM PURINA RESEARCH**  
Dairymen, have you heard? There's a new star in Purina's Call Growing Program. It's Purina Call Growers and it's now available at all stores. Based on recent findings that show calves need increased protein and energy during their first six (6) months, Purina Research has developed new Call Growers. This is a 16% protein ration with improved protein-energy balance. It's fortified with essential minerals and vitamins. It's sweet and coats... the way Call Growing Program is better because it now satisfies the need for protein when the growing calves need it most. The new program actually lowers the cost of raising and replacement while getting them into the milking string sooner.

**Funerals**  
son, Mrs. Winford Hunt, Mrs. Della Die, Mrs. Homer Kearns, and Mrs. Lottie Shields, Nicholas County, and Mrs. Willie Towles, Paris; two sons, Robert and Lowell G. Carlisle; 16 grand-children and eight grandchildren.
