LET US RENT YOU A FEEDER

We here at Nicholas County Feeders Supply are eager to help the farmers in this area MAKE MORE MONEY. One sure way to make more money in handling beef cows is to creep feed the calves. Feeder calves of good quality will be bringing a premium this fall. It costs about 12¢ to put extra pounds on calves over not feeding them. A 50 lb. heavier calf could bring as much as 8¢ more per pound too. We will rent you a creep feeder, hog feeder or cattle feeder. Cattle raisers could feed out their calves with little labor with a new cattle steer stuffer. Let us rent you a feeder.....WE WANT YOU TO MAKE MORE MONEY.

BULK DELIVERY

Why not let us bring your feed in bulk. When you get busy with spring planting we can fill up your feeders if they are handy or delivery feed right to your feed box or bin. Remember Bulk feed is less expensive than bags. We are ready to serve you.

RUSH HOGS TO MARKET

With hog prices still good, now is the time to start pushing hogs to market FAST. You can get this job done with Purina Hog Finisher the complete pelleted ration for hogs weighing over 100 lbs. New Purina Hog Finisher can save you up to 11% in feed cost....PLUS getting your hogs to market in less time. If you have smaller pigs...PURINA PIG STARTENA can get your pigs started to market FAST. Come in and let us discuss your opportunities to cash in on favorable hog prices.

frauds as described in the preceding paragraph. Fast talking salesmen scheme to persuade any unsuspecting property owner to advance money for needed building repair or paint and then leave before the property owner realizes he has been mislead.

It is never wise to do business with strangers. Local merchants are requested to caution store clerks not to cash checks of large amounts presented by strangers, when issued by elderly persons. If the clerk has any reason to believe that the person issuing the check may have been taken advantage of. This cooperation by the merchants will help protect our local people.

CAPITAL BRIEFS

FEDERAL JOB FINDER—Rep. Bob Wilson (R.-Calif.) says, "After an intensive two month drive against joblessness in Chicago, by the Labor Department, 1951 jobless workers were located in a house-to-house canvass. 432 were referred to urban opportunity centers, 45 were eligible for training and only 9 got jobs. That works out to one-half of 1 per cent of the same for two months or 3 per cent a year." He added, "It will take more than 30 years to retrain and find work for the one million Americans covered by the program."

Buyer, Be Wise, BEWARE!

By Robert Matthews, Attorney General

Everyone likes a bargain. As Benjamin Franklin said, "a penny saved is a penny earned."

It is hard to resist buying something when it is advertised "wholesale" or "at wholesale price."

The trouble with such claims, they seldom mean what they say.

This no longer will be the case. The buyer will get the same "bargains" but he won't be decieved by this type advertising.

Senate Bill 112 requested of the Legislature by the Consumer Protection Division of the Attorney General's Office, becomes effective during June.

The law defines "wholesale" as meaning "to sell in quantity or bulk for purpose of resale at retail" and prohibits anyone from "advertising, claiming or implying" that he is doing so when in fact he is offering goods at a "reduced" retail price instead of wholesale.

The Act dosen't fix the price at which the seller may offer his goods or increase the cost to the consumer. It merely removes a deceptive practice and aids the cause of truthfulness and fair play in the market place, something that is welcome alike by the honest merchant ant the intelligent consumer.

Ky. Industrial Session July 21

Frankfort-- Morehead is one of the eight communities that have been picked for July sessions of the second annual Kentucky Industrial Development Institute, to be cosponsored by the Kentucky Chamber of Commerce.

The Institute, at Morehead State University July 21, from 8 am to 5 pm, will offer community industrial development leaders throughout the state expert counseling on how to promote industrial growth. State Commerce Commissioner Katherine Peden pointed out that the institute workshops will emphasize the problems confronting local development efforts and solutions to those problems.

June 21, 1788—The United States Constitution went into effect as the legislature of New Hampshire ratified it, the ninth state to do so.
