Carlisle, Ky. Phone 100-8

DON'T MISS THIS BIG OPPORTUNITY!
This is a good time of the year to look around the ways to increase farm income with less labor. With the tobacco cut growing and farm labor getting hard to come by, the possibilities should be investigated. This Friday, March 4th at 1:30 p. m. you can do just that at the Bourbon Stock yards in Louisville. This will be the wind up of a big cat demonstration and the cats will be placed on the table. Daily gains, cost per pound of gain, feed ingredients, labor, selling prices, and dressing percentage will be shown. The cattle will be sold that afternoon on a grade and yield basis and the carcasses will be weighed by the University. You will see how this new method of feeding cattle can increase production and reduce costs. This is a good time to see this new method of feeding cattle can increase production and reduce costs.
