Veterans Benefit Acts Passed

The Veterans Readjustment Benefits Act of 1966 which was signed into law Thursday, March 31, 1966, by President Johnson provides a permanent program of benefits to veterans who served in the U.S. Armed Forces since January 31, 1955. Chief among these benefits will be education, home loan guaranty and the extension of Veterans Administration hospital benefits on the same priority basis as for wartime veterans. Thus, approximately four million veterans (about 50,000 in Kentucky) discharged from the service since January 31, 1955, ranging from "Cold War" veterans to those now on duty in Viet Nam, become eligible for benefits somewhat similar to those granted the veterans of World War II and the Korean Conflict. At the same time, provision has been made for 600,000 additional veterans (about 8,000 in Kentucky) who will be returning to civilian life each calendar year to participate in the same benefits. In all cases, to be eligible the veterans must have discharges that are other than dishonorable and they must not already have used up their eligibility under previous programs.

All the new benefits, with the exception of the Educational Assistance Program, went into effect immediately upon the President's signing on June 1, 1966. The benefits established by the new law are: Educational assistance, home and farm loans, medical care, job counseling, job placement, Federal employment preference and the approximately one-time one-time non-recurring fee not to exceed one-half of one percent of the loan amount is payable by the veteran but may be included in the loan collected by the Veterans Administration before a guaranty certificate may be issued. In the direct loan program, the new law raises the maximum loan possible from \$15,000 to \$17,500. Veterans with unexpired World War II or Korean Conflict entitlement will have that previous entitlement cancelled and will become eligible under the new law alone. However, during the period their entitlement would have been available, such veterans are only need not pay the statutory guaranty or direct loan fee under the new law but they may also be eligible for business purposes as well as for home and farm purposes. We expect guaranties or direct loans of up to \$200,000 in Kentucky under this law during the next year. Most of the loans will be guaranteed rather than direct.

Medical Care. Veterans who have served after January 31, 1965, will be eligible for admission to VA hospitals on the same basis as wartime veterans. The priorities are:

- First--Veterans with service-connected disabilities have top priority for admission;
- Second--Veterans with service-connected disabilities but who are seeking treatment for some other ailment will be admitted as beds are available;
- Third--Veterans without service-connected disabilities may be admitted to VA hospitals if (1) hospitalization is deemed necessary, (2) they are financially unable to defray the cost of the hospitalization, and (3) beds are available.

Other Benefits. The new law also makes provisions for job counseling and placement, both of these under the auspices of the Veterans Employment Service of the U.S. Department of Labor and Civil Service preference in Federal employment. Presumptive service-connection for certain chronic disabilities is also provided under the law. A United States flag will be provided for use at the funeral of veterans who have served after January 31, 1955, to be retained by the next of kin.

The Louisville Regional Office will add approximately 25 employees due to increased workload resulting from this legislation.

Veterans interested in the educational benefits are reminded that they cannot start any courses until after June 1, 1966, and it will not be until mid-April that the proper forms and instructions will be ready. Veterans who believe they are eligible for any of these benefits except for the Educational Assistance program can write, visit or telephone the Veterans Administration Regional Office, 1405 West Broadway, Louisville, Kentucky 40201. The telephone number is 502-582-8811.

service to complete their courses. However, the first cutoff date will be until March 31, 1974. In Kentucky, we anticipate 11,500 applications for veterans' educational assistance during the ensuing year, about 9,200 will enter training with an average monthly enrollment of about 4,000. This will result in about \$6,000,000 direct benefits during the first year of operation.

Loan Program. Veterans with more than 180 days of active duty will be eligible for VA guaranteed home or farm loans or VA direct home loans in areas where such loans are authorized. Ninety-six counties in Kentucky are eligible areas. They will have until ten years after the date of their last discharge from active service plus one year additional for each three-month period of active service to make such a loan, with a maximum deadline date of twenty years after the date of discharge from the qualifying service. For those veterans who have already been out of the service for a period of years, a minimum entitlement date has been set at ten years.

VA guaranteed loans will be made at 5 1/2 percent interest rate. The new law authorizes the Administrator of Veterans Affairs to establish an interest rate as he determines the requirements of the loan market, but not to exceed the rate in effect for loans insured by the Federal Housing Administration or one-time non-recurring fee not to exceed one-half of one percent of the loan amount is payable by the veteran but may be included in the loan collected by the Veterans Administration before a guaranty certificate may be issued. In the direct loan program, the new law raises the maximum loan possible from \$15,000 to \$17,500. Veterans with unexpired World War II or Korean Conflict entitlement will have that previous entitlement cancelled and will become eligible under the new law alone. However, during the period their entitlement would have been available, such veterans are only need not pay the statutory guaranty or direct loan fee under the new law but they may also be eligible for business purposes as well as for home and farm purposes. We expect guaranties or direct loans of up to \$200,000 in Kentucky under this law during the next year. Most of the loans will be guaranteed rather than direct.

In Service PARTICIPATES IN "FAIRGAME IV"

Commissionary Second Class Billy R. Lyons, son of Mr. and Mrs. S. S. Lyons of Carlisle, participated in "Fairgame IV" a joint French-U.S. naval training exercise in the western Mediterranean and on Corsica as a crewmember aboard the attack aircraft carrier USS Ameriaca.

Fairgame is conducted annually between U.S. Sixth Fleet and French naval forces to provide tactical training in combined air, amphibious and naval operations.
