Ralph Brookshire of Carlisle was named chairman of the Board of Directors, while James Gaunce was picked as vice-chairman.

Elected to the local Southern States Farm Home Advisory Committee were: Mrs. James Vice and Mrs. R.S. Wills, Sr.

Mrs. John Cleaver was chosen as a delegate to represent the local membership at the Southern States Cooperative's 44th Annual Stockholders Meeting in Louisville, on Oct. 31 and Nov. 1. Fred Tolson was named alternate.

According to the report, the cooperative will pay a 3% patronage refund to its farmer-members this year--the largest refund it has paid in 10 years. Total volumn for the year ended June 30, was over $13,000,000, up about 5% over the previous year.

Pension Payments On Rise In County

New York, August 12--An increasing number of men, women and children in Nicholas County are reaping the benefits of money that was deducted from payrolls during the past 30 years and set aside to provide for their future needs.

Currently, as a result, no less than 936 local residents are receiving Federal pension checks each month, as compared with 766 recipients four years ago.

Some of them are retired workers, some are disabled persons and some are the dependents--wives, children and parents--of former workers.

The rise in the number of beneficiaries has been due, in the main, to the periodic expansion of the social security program. Each change has made it possible for more and more people to be covered.

The extent of this expansion is detailed in the annual reports of the Social Security Administration, which contain facts and figures for every section of the country.

They show, for Nicholas County, in addition to the increase in number of beneficiaries, an increase in the size of the checks going to them.

As of the beginning of this year, total payments in the local area came to $585,000 a year, as against the total four years ago of $453,000.

Just how much one individual or his dependents have been eligible to receive has depended upon how much he paid into the social security trust funds during his active working years. And that, in turn, depends upon his earnings.

The latest official figures show that pension payments in the past year to people in the local area averaged $625, as compared with the 1962 rate of $593.

Now, with more people participating and with pension checks running larger than before, the amount of money flowing into the community has become of greater importance to the local economy.

A futher increase in benefits is in prospect. Congress has before it an Administration proposal to boost payments by at least 15 percent. Payroll taxes would rise also.

Isolette Purchased For Hospital Use

The Nicholas County Hospital wishes to extend a very heartfelt thank you to the Carlisle Junior Woman's Club for spearheading a drive that raised $800, thus enabling the hospital to purchase a piece of much needed equipment. The Carlisle Junior Woman's Club recognized the need for an Isolette. The Servo-Control Isolette controls the environment of the premature or ill new born. Temperature, humidity, and oxygen concentration can be regulated depending on the individual needs of the infant. This is a necessity in caring adequately for an infant.

The young women of the Carlisle Junior Woman's Club spoke to each of the social and civic organizations in Carlisle and Nicholas County. The response was tremendous! Each organization approached responded with contributions of various amounts. The Isolette is now a reality. It arrived at Nicholas County Hospital Saturday, August 5, Monday morning, August 7, a new born infant was placed in the Isolette. The infant needed to the controlled environment, body temperature reached normal limits and the baby's color improved rapidly. This was a simple case but indicated the need for an Isolette.

The people of Carlisle and Nicholas County should be proud that they had a personal part, through their contributions, in helping to improve the care available for an infant. Nicholas County Hospital is grateful to the Carlisle Junior Woman's Club and other community organizations for their gifts.

Mrs. Kenny Knapke demonstrates how the new Isolette operates at the Nicholas County Hospital. The Isolette was donated by contributions from local organizations.
