"Our older house has 12 rooms," says Mrs. Thomas about her home in Stanford, where she lives with her daughter and son-in-law, Mr. and Mrs. F. S. Gooch. "But with electric heating we can automatically control the comfort level in each room. Modernizing was surprisingly simple and economical, too."

Mr. and Mrs. Gooch add, "Surprising, too, to find out how much cleaner and quieter electric heating is. Makes living here so much more pleasant and convenient.

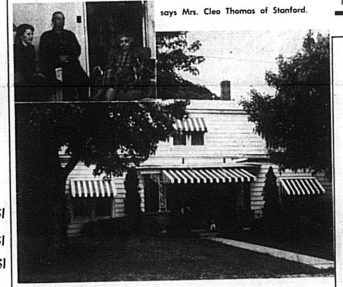
SCHOOL SUPPLIES DISTRIBUTED--Larry Hunt, at right, son of Mr. and Mrs. Clay Hunt, poses with orphans at the St. Elizabeth Orphanage in a village called Da-Minh, Vietnam. The supplies were shipped to Hunt by the Broadcasters Class of the Carlisle Christian Church. The orphanage is operated by Sister Superior with the help of other Vietmese Sisters and teachers. It was begun in the early 1960's by an American missionary. The children range in age from seven weeks to 12-year-olds. Hunt wrote it was a pleasure to see the happy faces when the children saw packages being brought by the American boys. Others assisting Hunt were the First Sgt. of Camp Red Ball, the First Sgt. of the 38th, B.P.O., and Danny McClung, who is studying to be a minister. McClung teaches at the orphanage on Sundays.



2-Day Dog Clinic August 25, 26

The Nicholas County Health Department has announced that it will conduct a two day dog clinic for the vaccination of dogs for the dreaded disease of rabies.

The Rabies Control Law, which requires all dogs over six months of age to be vaccinated against rabies, makes the owners liable for any person bitten by an unvaccinated dog, if the dog is rabid.

Due to the serious rabies outbreak in Kentucky this year and the fact that the outbreak occured in an area not far from our own, it is strongly emphasized by the Health Department, that every dog owner have his dog or dogs vaccinated. Even though the reservior of rabies lies in our wildlife the most effective barrier between the wildlife in the woods and the Kentucky resident is the immunization of household pets. The fact that unvaccinated dogs are still the greatest source of danger because they are "members of the household" and constant companions of man, Rabies in dogs is 100% Preventable, "Your dog protects you so why not protect him".

The dates, times and places of the clinics are as follows: August 25, 10 a.m. to 4 p.m., Nicholas County Health Center; August 26, 10 a.m. to 4 p.m., Carlisle Sneck Yards.

The usual charge of $1.50 for a three vaccination under these Health department sponsored clinics will be in effect. The price will never be cheaper and the time will never be righter.

Accident Hurts 2 At Intersection

Injured in an accident at 2 p.m. Friday, at the intersection of Main Street and Broadway were Mrs. Joseph H. Ritchie and Mrs. Robert H. Crowe.

"Police Chief Allen Earlywine said Robert H., Crowe, 78, of Carlisle, was driving west on Main Street when his brakes failed and his vehicle collided with one driven by the rev. Howard Ritchie.

Neither driver was injured, Earlywine said, but Mrs. Crowe suffered a head laceration and a right shoulder injury and was admitted the Nicholas County Hospital where she is listed in good condition.

Mrs. Ritchie was given first aid at the local hospital and released.

Both cars were damaged extensively, Earlywine said.

Got Any Insurance Questions? See Petro

Frankfort, Ky., Aug. 21--Gus T. Petro, special representative from the State Insurance Department, will be in Flemingsburg on Wednesday, Aug 30, to meet with any person who has an insurance question, problem or complaint.

Petro will be in the District Highway Office Building from 8 a.m. to 4:30 p.m., local time.

Petro's schedule which includes four visits a year to Flemingsburg, is part of the department's new field office program which was begun last March.

During his first two visits to Flemingsburg, Petro met with 30 persons. Of these he assisted nine with questions relating to health insurance and seven with questions about life insurance. Other visitors wanted information about workmen's compensation, property liability insurance, increased benefits, and auto insurance cancellations.

Petro also met with one representative of the insurance industry.

Three Injured As Car Rams House

Hospital Fund Is Initiated

The Carlisle Mercury is sponsoring a Vaughn Frey Hospital Fund to help pay the hospital and doctors fees. Anyone interested in contributing to this fund may do so by mailing a check, payable to the Vaughn Frey Hospital Fund, to Box 272, Carlisle, Ky. 40311, or by bringing it to the Mercury office.

Vaughn Frey, 21, Johnny Jackson, 25, of Sugar Creek Road, and Dwaine Green, 20, were injured early Friday morning when a car driven by Frey struck a parked car owned by Ollie Platt, on Sycamore Hill, careened across North Street and rammed into the wall of a house occupied by Mrs. Sarah Fryman.

Frey and Jackson were taken to St. Joseph Hospital in Lexington, but Frey was later removed the the University of Kentucky Medical Center, where he underwent open-heart surgery. He also suffered a dislocated hip and a brain concussion, and is presently in the Intensive Care Section of the Hospital.

Jackson remained at St. Joseph Hospital where he was treated for facial cuts and an eye injury. Green sustained a head injury and was released from the Nicholas County Hospital on Saturday.

Chief of Police Allen Earlywine said the car struck the living room wall of Mrs. Fryman's house, cracked the wall on the inside and knocked the house two inches off its foundation. The Frey car was demolished, he said.

'Clean-Up' Henryville Well Underway

The Licking Valley Community Action Program has employed a section of the Neighborhood Youth Corps in developing the Clean-Up Henryville Project for the past two weeks.

Unsightly weeds, brush and accumulated debris and condemned buildings were cleared away, these buildings had not been used for many years and were vermin infested and constituted a fire hazard to the entire area.

A bulldozer was engaged to level off cleaned lots and pulled down leaning buildings that for some time had caused concern to the occupants next door.

The Nicholas County Fire Dept. supervised the burning of bulldozer piled debris Wednesday night, August 16.

Two weeks alloted the "The Clean-Up Henryville Project" was not enough time allowed to do all that was desired. However, we see possibilities and perhaps have initiated a new look and a new concern for the "Clean-up Henryville Project," the LVCAP reports.

The Community Action Program wishes to thank Woodie Wilson and the Nicholas County Road Dept. for their fine cooperation in this clean-up effort.

Conservation District Fish Fry Aug. 28

All SCD Cooperators are invited, and those wishing to attend must contact a SCD Supervisor for tickets prior to Monday.

Supervisors are: Charles Whaley, Lowell Hollar, Howard Sidle, Norwood Auxier and Edgar Allen Darrell.

Estimated

Assets Per Family, $10,500 Locally

(Special to the Mercury)

New York, Aug. 19--Taking into account all his assets and all his liabilities, how well-off is the average resident of Nicholas County?

How much has he acquired over the years in the way of worldly goods--money, cars, real estate, personal property and other valuables?

According to recent economic studies, the personal wealth of the local population has been rising in recent years and is now close to $20,985,000.

That sum, it is acknowledged, is an estimate. It is based upon national samplings made by the Federal Reserve Board and upon surveys by others.

They show that, for most segments of the population, the net worth of an individual or a family is directly related to its annual income. Those who are at the bottom of the income scale have been able to accumulate very little in the way of assets. Those with big incomes, on the other hand, have assets equal to many times their annual earnings.

In Nicholas County where incomes have been on the rise in recent years, the net worth of most local families has been going up proportionately.

The average net worth in the area is now estimated at $10,500 per family, based on local earning figures and on the overall findings of the Federal Reserve Board.

In general, the average assets of families in the $5,000 to $7,500 income bracket is placed at $13,000; of those in the $7,500 to $10,000 category at $19,000 and, of those with earnings of $10,000 to $15,000, at $28,000.

Included in a family's assets are such items as cash on hand and in banks, the market value of property, such as automobiles, apparel, furniture and equipment, equity in real estate, cash value of life insurance, pension plans and investments.

Deducted from this are mortgages; loans payable to banks and others, installment debt and all other obligations.

In determining the averages, all economic groups and all age groups are lumped together. For a closer look at any particular family, however, age becomes important.

Young couples, just starting out, have little in the way of assets. It builds up as they grow older, reaching a peak between ages 55 and 64.
