ing. "This is the time our biggest obstacle is the ten hit us," Director Jones said. "And can be needed as automobile crashes on snow and ice-packed streets and highways in moving from place to place. (3) Avoid "porcupine" objects (hot-shot wands, canes, whips) that will frighten or excite animals. (4) Never overcrowd a pen, stall, corral or loading chute. You can move more animals quietly than by jamming or forcing them. (5) Steers handle differently than swine, swine differently than sheep. Know how each species of animal likes to be driven or handled, and tailor your plans accordingly.

Vegetables For Home Garden

LINCOLN -- A list of vegetables recommended for Kentucky home gardens and commercial producers will be issued in the next month or so, says Hubert Davis, U. K. Cooperative Extension Service horticulturist. The list will give varieties, dates to maturity, remarks on performance, and disease resistance. Varieties to be recommended this year include: Parsnaps: Martha Washington, Bush Beans, Wadsworth, Tendercrop and White Half Runner; Pole Beans: Kentucky Wonder, Lima Beans, Fordhook 242, Thaxter, King of the Hill. Broccoli: Detroit Dark Red and Ruby Queen; Broccoli: Waltham 29, and Early Green; Sprouting: Cabbage: Carrots, Royal Chantenay and Long Imperator; Sweet corn, ...

Swift Named To Ward Group

Louisville -- Ivan Swift, a former newspaperman, today was named assistant to the high rate of heart attacks in the United States. Other factors recognized by the Heart Association as tending to increase this risk (stightly or in combination) are high blood pressure, high blood cholesterol (fat) level, overweight, diabetes, and excessive cigarette smoking. Among the benefits of regular exercise cited in the pamphlet are improved functioning of the lungs, heart and other organs and muscles, greater resistance to disease, and a feeling of well-being. Regular exercise also makes it easier to maintain a normal, healthy weight. A possible added factor which may be the lowering of blood cholesterol levels, consequently reducing the hazards of suffering from a heart attack. No doubt your family doctor will be glad to discuss this pamphlet with you. It can be repeated too often or stressed too urgently. The principals do not apply to a daily routine of physical activity are listed in the new pamphlet. For a free copy of "Physical Activity and Your Heart," just write to: The Kentucky Heart Association, 311 Speed Building, Louisville, Kentucky. And please don't forget to add the Zip Code Number: 40202.

Be Prepared For Winter Driving Now

FRANKFORT -- We're now in the worst weather period of the winter and they would not face each other until the NCAA's final game. At this early date, UCLA looks like the darkest thing to a clinch to be one of the four teams to assemble in Louisville for the NCAA's final round. The Uclan

Proper Handling Of Livestock Saves Money

Lexington -- American farmers can pocket millions of extra dollars a year by following one rule in livestock handling. It is, says Dr. L. E. Labore, U.K. Cooperative Extension Service veterinarian, "Proper handling. Proper handling, proper handling, run very high in the industry. Those animals and damaged hides and meat. A few simple rules: (1) Avoid twisting, contorting and overloading. Use straight -- lift patterns to avoid abrupt turns or changes in direction.
