

VOTERS OF CARLISLE AND NICHOLAS COUNTY

A. B. Chandler has pledged to remove from the taxpayers the burden which has been placed upon them by the recent 100% Property Tax Assessment ruling handed down from Frankfort.

A. B. Chandler will end control of this sort of taxing by the state tax men from Frankfort and will see to it that such taxation is handled on a local basis in the future.

A. B. Chandler will put an end, for all time, to the Frankfort practice of placing blanket assessments upon the people of Nicholas County and all the other counties.

Twice Governor - 1935-39 and 1955-59. He gave the taxpayers the \$5.00 car licenses. Built first Interstate Highway System. A business governor, honest, sane sound management.

His past record speaks for itself. Balanced the state budget, borrowed money at 1% interest to refinance the state indebtedness. Gave free textbooks.

Paid off state indebtedness of 12 million 1st term, 16 million 2nd term in 1959 left 30 million in general fund.

A. B. "Happy" Chandler has always been a friend of Nicholas County. He loves people at the local level. Let us remember that he did away with all the "red tape" of rights-of-way, grade, fills and the like, which is always used as an excuse when a request is made for a county road.

Vote for "Chandler" so that we will be assured of an administration by the people, for the people and of the people, with equality for all, regardless of race, creed or color.
