In Memoriam

In memory of our mother, Mrs. L.B. Hollar, who departed this life on Oct. 3, 1966.

Just a year ago you left us,
Days have sad and lonely been,
But we know that you are waiting
To meet your children once again.

Mother closed her eyes so sweetly,
When Jesus called her home,
She left us all broken hearted
In this world of sin, to roam.

She was tired and frail and lonely,
Sitting at the window, day by day.
But there was always a bright smile,
As she tried to be so gay.

We can almost see you yonder,
Young and beautiful again.
Watching, waiting for your children,
In a land where there is no sin.

Goodby dear mother, we will meet you,
On that happy Golden Shore.
What a great reunion yonder,
Where we will meet to part no more.

Soon this life will all be over,
One by one we will gather there.
May the circle be unbroken,
In that land so bright and fair.

Sadly missed by her children and grandchildren. 10-5-1tpd.

IT'S A FACT WORTH MENTIONING
That the average number of worms most cattle carry, if put end to end, would measure 17 feet--Even a "light" infection of roundworms can lower milk production--slow down weight gain--reduce feed efficiency--Cattle Roundworms can take up to a gallon of blood a month from your steers or dairy cattle. PURINA WORM-KILL destroys 90% or more of the worms inside the animal. PURINA WORM-KILL can be given to pregnant cows right up to calving. Also, very young, very old, even very wormy animals without fear of side effects. YOU CAN GET BACK $7.00 FOR EVERY $1.00 INVESTED IN PURINA WORM-KILL. Worm dairy cows while they are dry.

HOGS IN NEWLY PICKED CORN FIELDS,
It won't be long before corn picking time is in full swing. One sure way to balance the ration of hogs in corn fields is to feed Purina's new HOG SUPPLIMENT OVAL. Purina's Hog Supplement Ovals fed to hogs in corn fields help them to make more efficient gains than hogs getting corn alone. PURINA HOG SUPPLIMENT OVALS are BIG--designed for feeding on the ground. No need to buy or build expensive feeders. BIG OVALS cut feed waste to the minimum. Feed one pound of Ovals per head per day from 50 to 100 pounds and 2-4 pound of Ovals per head per day from the time shoats weigh 100 pounds till they're ready to ship. You'll find Purina Hog Supplement Ovals priced right, too. Try them this fall. You'll get more from your grain!
