

In The Service

Lt. Col. R. C. Kerns

Long High, Vietnam (AMTCN)—Lieutenant Colonel Raymond C. Kerns (right), whose mother, Mrs. Nancy (Tracy) Kerns, lives at 209 California W., Watkins, lives at the birth of the nation and his fourth award of the Legion of Merit, Commendation Medal during Sept. 1965.

Lt. Col. Kerns received the award for meritorious service while serving as an aviation flight instructor with the U.S. Army Aviation School Center, Fort Benning, Ga., from August 1964 to October 1966. Lt. Col. Kerns is aviation staff officer in the Aviation Section, Headquarters, U.S. Army Vietnam. He entered the Army in September, 1940, at Fort Benning, Ga. He is a graduate of the Army Air School, Carlisle, Pa. He is also a graduate of the Army Air School, Fort Rucker, Ala. He is also a graduate of the Army Air School, Fort Rucker, Ala. He is also a graduate of the Army Air School, Fort Rucker, Ala.

"Maintenance problems are a thing of the past now that we've converted to Total Electric home heating," says Mr. G. C. Keller of Somerset.

WELLS PRODUCE
"And it's so much cleaner," adds Mrs. Keller.
Mr. Keller didn't just install supplementary electric heating in his home; he converted to electric heating for all the rooms. "And we raise the thermostat," he says. "No maintenance worries, no furnace and flue, and I don't think about it now."
"And so, it's better," says Mrs. Keller. "Housekeeping is so easy now, just an electric heat is so easy to live with. Such wonderful dirt-free comfort, and it's controlled automatically all through the house."
Consult your local office to learn how easily and economically you can install electric heating in your present home—or one you may build. It's the way of today!

units, map and aerial photograph reading and Army administration procedures.

Lt. Grannis received his commission through the Reserve Officers' Training Corps program at Eastern University, Richmond, where he received his A.S. degree this year.

Here is what you can expect from a qualified mechanic who can do a quality job for you.

The battery generator and ignition system should be checked. Batteries should be fully charged.

Gasoline filters, strainers, and carburetor air cleaner should be serviced. Add a quart of gasoline anti-freeze to the cooling system.

Train and flush the cooling system. Install a good anti-freeze coolant in sufficient quantity to handle maximum conditions in your area.

Re-lube your horn and body and check the horn and body electrical system.

Check chassis and shock transmission and rear axle. If lighter oil and a mistral, the dealer for your area have them changed.

Examine exhaust system. Make sure that the muffler in winter cars is extremely durable and that the muffler is not so close to the chassis as to be vermin-proof.

Check the oil level and add a quart of oil if necessary. Check the oil level and add a quart of oil if necessary.

Check brakes, automatic transmission and power steering fluid level.

Check the oil level and add a quart of oil if necessary.

Check the oil level and add a quart of oil if necessary.

Check the oil level and add a quart of oil if necessary.

Check the oil level and add a quart of oil if necessary.

Check the oil level and add a quart of oil if necessary.

Check the oil level and add a quart of oil if necessary.

Check the oil level and add a quart of oil if necessary.

Check the oil level and add a quart of oil if necessary.

Lt. W. T. Smathers

Abandoning Prov. Ground, Md. (AMTCN)—Lieutenant William T. Smathers, Jr., 24, whose parents live on Route 2, Sharpsburg, completed an officer's course Sept. 11 at the Army...

He received nine weeks of training in the ordnance mission of supplying and maintaining army tanks, weapons and combat vehicles.

Lt. Smathers received his commission through the Reserve Officers' Training Corps program at the University of Kentucky, Lexington, where he received his B.A. degree in 1960.
