

### Farm Problems The Same And Will Continue

Some problems—Newly Stated. At a recent meeting of county bankers, Dr. Charles Barnhart, Kentucky Experiment Station, told the audience that many of the many questions that the farmer's farm income is not increasing as fast as the farmer's expenditures. ### Myers

By Mrs. Rena Crawford  
Mr. and Mrs. Jimmy Hughes and family of Dayton, Ohio visited Mrs. Myers. Dr. Harnhart stated that beef cattle numbers in Kentucky had increased from 360,000 in 1958 to 450,000 in 1962, making the state the fastest growing beef state in the union. This increase in beef cattle is largely the result of pasture improvement work carried on since World War II. Cattle expansion in the future will be limited only by our ability to produce pasture and grain to feed them.
