CONSTRUCTION COSTS

## INFLATION HITS HOME!

Construction costs are soaring. Inflation is hitting home! The cost of building a house is increasing rapidly. This is due to the high cost of materials and labor. Homeowners are being hit hard by these rising costs.

## Farm & Home

School time is when a father needs a friend. The day his child goes to school is an important day, a day of change. This may be his first year away from home. It is a new and strange, or it may mean only a new teacher and new friends. It is a new experience for both the child and the parent. The parent must be prepared to help the child adjust to this new environment.

# Washington Report From Your Congressman

By John C. Watts

This summer I have had the most rewarding of my life, while working in Washington. I have learned more than any I have learned here. I have had a first hand view of the legislative process. I have seen the bills as they are introduced, passed, and become law. I have seen the men who make the laws. I have seen the men who are responsible for the welfare of the people. I have seen the men who are responsible for the future of the nation.

## AREA EXTENSION AGENTS:

Earl J. Neffinger, Marg H. Wilson, Carolyn Offutt

What feelings and attitudes will your child have to school this year? Will he be a happy, confident, and successful student? Or will he be a nervous, shy, and unhappy child? The answer depends on the parent. The parent must be prepared to help the child adjust to this new environment.

## Local Business Companies That Advertise Prosper During Recessions

It can consume. Production does not slump until demand for goods and services declines. In the words of a former president of the Advertising Federation of America: "The key to solving the production problem is in the consumer's pocket."

## AGREEMENT OR NOT, I Say What I Think

By S. C. Van Goren

It's just about two weeks away before the voice of political candidates will be heard in earnest in various campaigns for their support in the November and December elections. The campaigns will open after Labor Day and after the election of the President in Chicago. These are the most important dates in the election year. The candidates must be prepared to meet the challenges of the campaign.

## Wish I Said That

"Inflation has a good joint. Your kids can't get out from under it. Call the Star Valley Life Insurance Co. for more information."

## THE OLD TIMER

"The old timer is a man who has seen it all. He has seen the good times and the bad times. He has seen the rise and the fall of many a man. He has seen the change in the world. He has seen the change in the people. He has seen the change in the times."

Editor, The Mercury  
For some two, almost three years now, I have endeavored to locate various family groups and wish to include them in a genealogical record and family history that is compiling. I would greatly appreciate your placing my letter in your "Letters to the Editor" column so that any one knowing of a family line having pertinent data included, a courtesy where the deceased members of the family are buried, or a congregation where the deceased members of the family might have attended, there is the possibility that the descendants of a relative could be found. I would appreciate your cooperation.

Respectfully yours,  
James H. Forsyth

Mr. Warren Fisher, Editor  
Carlisle Mercury

Dear Mr. Fisher:  
Miss Mary Griffin, Executive Secretary of Local Board 77, Carlisle, has informed me that you have been most cooperative in publishing selective service names in the Carlisle Mercury. For this public service to the community in Nicholas County, I am most appreciative. The Kentucky Selective Service System is most appreciative of your publishing Selective Service names in order that the registrants and other interested persons in Nicholas County can better be informed about the diversified activities of the System.

It is hoped that the good relationship between the paper and the Selective Service Local Board will continue. Sincerely yours,  
Taylor L. Davidson  
Colonel, USAF  
Local Board Director
