## Teenager Participation Feature of New Years Day Hunt At Sky View

The annual business meeting of the Nicholas County Fobsters Association was held in the Circuit Court Room of the Court House, Dec. 14. Arrangements were made for the Annual New Years Day Hunt, which will be held at the Kenney Woods, on the Sky View Farm beginning at daylight. As is the custom, burgers will be served. It was noted and discussed that according to a recent National survey of teenagers, boys in particular, that

the younger generation was getting away from the rugged individualism of their ancestors. Very few young people like to hike, walk up and down hills, climb rocks, open up clear farm gates or clear brush. They know little of the uses of an axe, the names and identity of birds, and other wildlife. They have never realized the beauty of nature, which is all about them in Nicholas County. They have never heard of a night and have never heard the mystic noise of the night in the woods. The concern reached by this survey was that young people are not as strong and healthy as they should be.
