VOLUME 101 NUMBER 6 ESTABLISHED 1867 CARLISLE, KENTUCKY 40311 FEBRUARY 8, 1968 8 PAGES PRICE TEN CENTS

Mrs. Raymond J. Wesley Dies After Illness

Mrs. Faye Wild Wesley, 55, wife of former Nicholas County Schools Superintendent Raymond J. Wesley, died at 1:20 p.m. Tuesday, Feb. 6, in the Norton Infirmary, Louisville. She was a native of North Carolina, a member of the Carlisle Methodist Church, a graduate of the University of Kentucky, a teacher in Pulaski and Nicholas County schools and a member of the Kentucky Historical Society. Other survivors include two sons,

Raymond Wesley Jr., Louisville, and Ralph E. Wesley, Lexington, a granddaughter, Anne Edward Wesley, Louisville; her father, H.R. Wild, Lincoln Park, Mitch two sisters, Mrs. Ralph C. Wesley, Ft. Thomas, and Mrs. Wesley, a teacher in Pulaski and Nicholas County schools and a member of the Kentucky Historical Society. The body is at the Mathers-Shearer funeral home.

30 Rent Supplement Units Approved For Nicholas County

City Council passed a resolution Tuesday night to cooperate with the Federal Rent Housing Supplement Program. In order to obtain low cost housing units, it was announced Tuesday that 30 units have been approved for Carlisle and Nicholas County. The first Christian Church is to be the first to be sponsoring non-profit corporation, required in order to independently coordinate the program originally.

Charles Wilcox motioned that a council meeting be set for next week, without the usual \$15 salary per councilman to familiarize the council with all financial aspects of the city. He stated he felt he could not do the job required of him without the use of the city's financial workings. He also strongly suggested that "welfare budget" be established as a guideline for the city. Mayor Bill Howe agreed to call a meeting next week after the motion was passed.

Florida is now being put into the city's drinking water. This requires better lighting on the second floor of the water plant. It was stated, a motion was passed to order two four-inch pipes for this purpose and to repair the slate roof on the building.

Dr. Robert Sparks stated that salaries should be reviewed July 1, instead of the present June 1. This would give the new council six months to evaluate salaries before making any important decisions. Since all employees were hired last month for two years, his motion included an expenditure for an outside firm (July 1, 1970) so that the council would be required to make this decision until holding office for the six months. The motion was carried 4-2. City clerk is required to lay out the city on Jan. 1, but the others are not.

Bob Durbin, a visitor, commented he would like to see other persons being given an opportunity to apply. He suggested that openings be publicized and applications be taken for them.

941 car stickers have been purchased to date. There are approximately 1,700 expected to be bought. Since the expiration date for purchasing these stickers has passed, the city

council agreed to start Friday titling to court case who are caught without the required stickers. Those convicted will be charged \$10 to \$20 fines. The gas "muffer" which was in Carlisle all day Tuesday, found several gas leaks. The worst ones were on McClracken Street to High Street dead-end, a distance of about 400 feet. The city started to replace these gas lines. The total bill for the "muffer" was \$18 per hour for 10 hours.

The city paid \$13,425.74 for gas last month and collected only \$15,846. Thus, council hopes that when the gas leaks are repaired, the city will make a much higher profit. It was decided to change the truckers water rate from the present \$3 per 1,000 gal. to \$2 per 1,000. After council raised the old price from \$12.50 to \$3 per 1,000, several of the truckers have been going to Millersburg to buy cheaper water.

The mayor announced that he has been informed there will be no more apartments built where City Manor apartments now stand. They will, however, build a patio and playground surrounded by a wall. Building permit was granted to Meredith Evans for a carport on West Main Street.

Gayle Vanlandingham salary last month was incorrectly quoted as \$250 per month. It is \$400. Billy Lauce old salary was quoted as \$113 per month, but should have been \$113 every two weeks. Therefore, the salary would be \$226 per month with the \$40 increase council agreed on this correction.

The mayor announced that the State Chamber of Commerce dues amounted to \$100 instead of the \$35 they thought to be. Public report impinges display of license plates, 2) improper license plate stickers, 3) improper display of license, 4) improper driving, 1) reckless driving, 2) no tail lights, 1) running red light, 1) public drunk, 2) improper muffer, 2) parking on cross walk.

Total fines, \$590.00. Motor deposits, \$312.39. Parking permits, \$15.00.

Advance Payments to Continue Under '68 Commodity Programs

Advance payments to farmers participating in the feed grain and cotton programs will be continued in 1968. Orville L. Freeman has announced. To obtain an advance payment, farmers may apply for it at the time they sign up to participate in the program. The sign-up begins Feb. 5 and will continue through March 15, 1968.

Harvey Wagner, Chairman, Agricultural Stabilization and Conservation county committee, explains that the advance payment will be 50 percent of the feed grain and cotton acreage diversion payments. Advance payments will not be made on wheat marketing certificates or on feed grain and cotton price-support payments.

Under the feed grain program, diversion payments on the larger farms will be made on acreage withheld from corn or grain sorghum production above the qualifying 20 percent of the base. This additional diversion may total up to 50 percent of the base, or 25 acres, whichever is larger. The price support county loan rate for the price-support payment times the yield. (The total local price support for Nicholas County is \$1.15 per bushel for corn and \$2.14 per cwt. for sorghum.) For the larger farms, another advance payment will be made on the qualifying 20 percent.

Special provisions continue to be available for small farms. If the farm has a feed grain base of 25 acres or less, the diversion payment will be approximately 20 percent of the price support times the yield on the first 20 percent of the base and at the regular 45 percent payment rate

on the remaining acreage diverted to conserving use. As in 1967, producers with corn-grain sorghum bases up to 25 acres will have the option in 1968 of temporarily reducing their base to 25 acres and being eligible for the smaller farm provisions. Under these circumstances, feed grain can be planted on the farm if the grower is to remain eligible for program benefits.

Burley Tobacco Growers To Vote On Quotas Feb. 26-March 1

Four High School Band Members Selected For Clinic

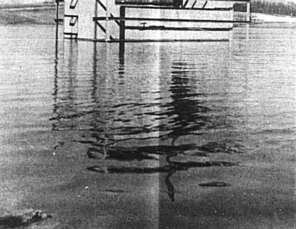

Becky Buntin, Ann Burden, Joe Burden, and June Sparks, Bluejacket band members, have been selected to participate in the annual Morehead State University Band Clinic at Morehead Feb. 21, 24, 25.

This is the largest clinic ever at Morehead. There will be three high school clinic bands of 100 members each, a junior high school band of 100 to 120 members and two stage bands. The bands will rehearse several hours each day on Friday and Saturday and present a concert on Sunday afternoon at 2:00. Students from Kentucky, Ohio, West Virginia, and Tennessee will participate. In addition to the clinic bands there will be clinics on various instruments for the students and their directors. Clinicians from several universities and the M.S.U. music faculty will conduct the clinics.

Presented DAR Award

Sherlene Hutchison, daughter of Mr. and Mrs. Bruce Hutchison, was presented with the DAR good citizen award. The award was presented Saturday, Feb. 3, at 2:00 p.m. at the Duncan Tavern at the meeting of the Daughters of the American Revolution, she was chosen by her sister claimants and the faculty of Nicholas County High on her dependability, service, leadership, and patriotism.

What's Your Guess?

HIGHER—Last February 26, the water level at Lake Carmo stood at least four feet (IV) on Saturday, Feb. 3, the level has risen to within less than 18 inches of the spillway overflow. Will it fill in 1968 or will it take another winter?

Recreation League Standings of Feb. 1

Standings: Methodist won 6, lost 1; Henryville won 4, lost 1; Rejects won 3, lost 4; Robertson County won 2, lost 4; Blue Grass Industries won 2, lost 4; High School won 1, lost 6. Top ten league scores: Bobby Taylor, Blue Grass Industries, 29.00; Bob Buntin, High School, 28.80; Danny Cleaver, Rejects, 28.00; Bonnie Letcher, Methodist, 18.30; Craycraft, Robertson County, 16.90; Bill Ledford, Henryville, 16.20. Cecil Daugherty, Henryville, 15.90.

Lorrain Frey Ranks First In Homemakers Test

Because she ranked first in the written homemaking knowledge and attitude test given senior girls in Nicholas County High School here Dec. 5, Lorrain Frey becomes 1968 Betty Crocker Homemaker of Tomorrow for her school. It has been announced. Registered for the test, now in its 14th year, were 603,792 girls in 15,079 of the nation's high schools, a new record for the program sponsored by General Mills. Lorrain remains in contention for state and national scholarship awards ranging from \$500 to \$5,000 and will be awarded a specially designed silver charm to mark her local achievement. A state Homemaker of Tomorrow will be selected from winners in high schools of the state in the program's next step. She will be awarded a \$1,500 scholarship with a \$500 award going to the runner-up. The school of the winner will be given a set of Encyclopaedia Britannica by Encyclopaedia Britannica, Inc.

Following her selection, the State Homemaker of Tomorrow, along with a school advisor, will join winners and advisors from each of the 49 other states and the District of Columbia in an eight-day educational tour of Washington, D.C., Colonial Williamsburg, Va., and Minneapolis, where the trip will climax with naming the 1968 Betty Crocker All-American Homemaker of Tomorrow.

The decision to be made in the quota referendum can be simply stated, "Chairman Wagner declared, "The quota for burley tobacco are approved by at least two-thirds of the growers voting, the law requires that the present program will be continued for the next three crops, 1968, 1969 and 1970 with penalties on excess tobacco marketed, acreage allotments, and price supports at about 64 cents per pound for 1968.

"On the other hand, if more than one-third of the voters disapprove quotas by voting NO, there will be no marketing quotas, no penalties on excess tobacco, and no price-support program for the 1968 crop of burley tobacco.

Carlisle Jaycess Little League Net Scores

The Little League Basketball season is rapidly coming to a close. After eight weeks of play the Raiders lead the league with six wins and one loss, the Demons last Saturday. The score was 16-15. The game was exciting and hard fought by both teams.

The Demons are in second place with five wins and one loss. Their loss came at the hands of the Raiders earlier in the season. The Maroons have won three and lost four. The Caspers have won two and lost four. The Tigers have yet to win with six losses.

The top 12 scorers so far are: P. Blair 62 points, S. Wilson 55, D. Fryman 34, J. Soper 44, D. Jones 42, S. Cameron 35, R. Compton 27, C. Brodick 22, W. Mann 25, W. Brommang 25, D. Healt 24 and D. Darton 21 points. The schedule for Saturday, Feb. 10 at 10:00 a.m. the Raiders vs the Tigers and at 10 a.m. the Demons vs the Caspers. The game will be played Saturday, Feb. 17. They will be the Raiders vs the Tigers at 9 a.m. and the Demons vs the Maroons at 10 a.m.

Rotary To Sponsor Wrestling Match
