## New Attendance Record Reached At Blue Licks

Frankfort--Attendance at Blue Licks State Park, near Mt. Olivet, hit a new high of 217,388 during 1967. The increase was 39,388 over the previous year, according to State Parks Commissioner Robert E. Gable.

Gable reported that total attendance for the year at Kentucky's 35 State parks and shrines was 18.7 million--an all-time record number of visitations. And, it reflects a 16 percent increase over 1966 attendance figures, he stated.

Total revenue during fiscal 1967 also increased, Gable reported that gross revenues derived by the Parks Department from all sources of income for the 12-month period which ended last June 30 were up 6.9 percent from the previous year.

The Parks Department, said Gable, is "gearing for another record-breaking year as the 1968 vacation season draws near."

Speaking recently at the Governor's Conference on Travel and Tourism (Feb. 6) in Louisville, Gable said that "our parks are continually expanding." He pointed out, however, that the needs of Kentucky's rapidly growing tourist industry cannot be and should not be met by the parks system alone.
