Miranda Homemakers

On Wednesday, Feb. 14 at 11:00 a.m. members of our club met at Morrison's Restaurant for lunch. Twelve members and one child attended. After lunch we gathered at the assembly room for our meeting.

Mrs. Edgar Scott, president, presided. Devotional and prayer by Mrs. Walter Kendall. Mrs. Eugene Smoot, secretary and treasurer, read the minutes, called the roll, and gave a report on a recent sale. Mrs. Smoot also gave our lesson, "Color in the Home." This was a most interesting lesson from which we learned that color surrounds us now more than ever in the past, that color changes a dull, drab room into one that is beautiful, and to never use too many colors, make an over-all plan in decorating your home, to plan designs that go with your type of furnishings, use colors suitable for the entire family and a color scheme you will enjoy living with if present fashions change.

Our March meeting will be held at 1:00 p.m. at the assembly room. "The Basic Wardrobe" will be the lesson.

The following article was read in memory of one of our departed members. At this meeting we wish to pay a special tribute to one of our outstanding members, Mrs. Edgar Darrell, who departed this life Jan. 5. Our hearts have been deeply saddened by her passing. Mrs. Darrell never missed an opportunity to serve in any branch of our club, when called upon. Her example of kindness, freindship, faithfulness, loyalty and love will be remembered by those who knew her. A precious one from us is gone, a voice we loved is still, a place is vacant in our club, which only God can fill. We extend to her family and loved ones our heartfelt sympathy and prayers. Members of the Miranda Homemakers Club.

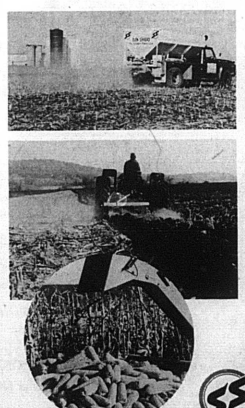
CORN GROWERS—
Plow-Down Your Plant Food Now
Later On You'll Say "Wow!"



Do this:
Call your Southern States Cooperative Agency. Have the Southern States Spreader Truck come and spread your phosphate, potash and part of your nitrogen now. Then plow it down.

Get this:
Get up to 10% bigger yields—compared with disked-in application, as proven by State Colleges. You get the plant food down where roots and moisture are. Other benefits: decreased soil compaction . . . no wet spring problems . . . less push at planting season. Plow-down pays plenty!

Reminder: Your grasslands should be fed now too.

Stop Pig Scouring Fast

Pig scours and pneumonia can kill and stunt pigs in a hurry. That's why you need to keep a supply of Purina's new, quick acting, easy-to-give Pig Scours Control on hand (This product may be called Pig Aid in some areas). At theffirst sign of scouring, grab the plastic bottle and start treating. Pigs like it and it sticks in their mouth. Costs only pennies. And it helps save valuable pigs.
