**D&B Statistics Show 66 Businesses Operating**

There is a total of 66 businesses in Nicholas County, according to statistics released by Donald Johnson, District Manager of the Cincinnati office of Dun & Bradstreet, Inc. This total is based on a physical count of the January, 1968 edition of the Dun & Bradstreet Reference Book. Mr. Johnson noted that this month Dun & Bradstreet, Inc. is sending requests for financial statements to almost three million businesses listed in the Reference Book. These statements are essential to the credit reports issued by the business information agency. The requests are sent to all businesses regardless of size, from the corner grocery to the million dollar manufacturer.

Because of the constant flux in the American business community nearly 5,000 changes are now occurring daily in Reference Book data. Thus the multi-volume book must be reissued every two months to keep up-to-date. It is in the hands of manufacturers and wholesalers. The credit reports which stand behind each entry in the Reference Book contain such information as the firm's current pay-

Title Co., Abraham Dole, Store, Lerman Bros. Co., Dollar Store, Carver's Cash Grocery, Home Hardware.

**COOK ELECTRIC**  
Pick almost any word that describes cleanliness and it explains a major advantage of an electric range. When you cook with flameless electricity, there can be no fumes or smoke to dirty your home. That makes it extra safe, too. But the real advantage of cooking electric is ease and speed. You select the "Just right" temperature for every dish. That's why so many "old-fashioned" cooks prefer a modern electric range.

**CLEAN AS A...**  
Rural Electric Members Only  
**FREE 9-Piece West Bend Cookware Set**  
Regular \$28.95 Value.  
Buy the electric range you have always wanted and get a handsome 9-piece cookware set free. Features hard-coat Teflon finish for no-stick cooking and no-scor cleanup. This offer expires soon. Contact our Power Use Department for details.

**U.S. Individual Taxpayers Ask IRS**

This column of questions and answers on federal tax matters is provided by the local office of the U.S. Internal Revenue Service and published as a public service to taxpayers. The column answers questions most frequently asked by taxpayers.

**Q-**Have you had an estimated tax before. How can I tell for sure what my income is going to be this year?  
**A-**One method of estimating your 1968 tax is to use the income and expense figures appearing on your 1967 return. If your income or expenses change during the year, you can amend your declaration when quarterly payments are due in June, September and January.

**Q-**Remember, too, that an estimate is just that. As long as your payments are made on time and total at least 90 percent of your final 1968 tax liability, you will not be penalized. If you want to deduct your medical insurance premiums but can't find the place to do this on the tax form, Where do they go?  
**A-**Enter your medical premiums on Page 2 of Form 1041. List the first and last lines of Part IV, Itemized Deductions.

**Ten Medical Scholarships Available During 1968**  
The Rural Kentucky Medical Scholarship Fund will award \$2,000 to a physician going into practice for the first time who establishes practice in either a critical or semi-critical county with an investment of \$500 per year in a critical county, and one critical county.

**Farm Income Outlook Reported**  
Lexington, Ky.-- Kentucky's farm income likely will be down slightly from the 1967 level and production expenses are expected to increase at about the same rate as for last year.

**POULTRY AND LEGGS:** Production probably will be lower in 1968, with a consequent rise in prices. "Egg prices the first half of 1968 probably will be high enough to encourage more production expansion."  
**POULTRY AND LEGGS:** Production probably will be lower in 1968, with a consequent rise in prices. "Egg prices the first half of 1968 probably will be high enough to encourage more production expansion."
