**Headquarters Homemakers**

The Headquarters Homemakers met March 15 at the K.Y. office in Cincinnati. Mrs. James Shapp, president, presiding with nine members and three visitors. The visitors were Mrs. J. M. DeWaters, Mrs. H. C. Blount and Miss Martha Kennedy.

After dispensing with the business, a pot luck lunch was served at noon. Basic sewing was to be given in the afternoon, but Mrs. Elbert Smith was unable to be present on account of illness.

Mrs. Margie Wilson, home demonstration agent, gave a talk on "Family Life".

Dismissed to meet with Mrs. John Clinkerbeard in April.

**Miranda Homemakers**

The Miranda Homemakers met Wednesday, March 13 at 11:00 a.m. at the home of Mrs. Luber Clay. Mrs. John Clay was co-hostess. There were 17 members present.

Mrs. Edgar Scott, president, presided. Mrs. Everett Duncan gave the devotional and prayer. Mrs. Eugene Smoot, secretary, gave the reports. Mrs. Malcolm Willis will represent our club at the Kentucky Federation of Homemakers in Lexington, March 27 and 28. Mrs. Walter Kendall, music chairman, gave the lesson on music appreciation.

Mrs. Paul Vinson gave a very interesting lesson on "Plan a Basic Wardrobe". Many things were stressed such as: "Plan your clothes; know yourself; your good and bad points. This is the key to being correctly dressed for all occasions. Find out what styles, colors, and fabrics bring out good points and which conceal the poor. Remember the attractive appearance you desire in others just doesn't happen. It took planning and a real desire on their part to look their best."

Mrs. Carl Hughes was in charge of recreation. Prize went to Mrs. Malcolm Willis. April meeting will be held at 1:00 p.m. at the Assembly Room. Lesson will be "Accessories for the Basic Wardrobe".

**Paris Homemakers**

Mrs. Sherman Hollar was hostess March 7 to the meeting of the Paris Homemakers Club.

The devotional was given by Mrs. Hubel Williams. The president, Mrs. Francis Wasson, presided at the business session and gave a report on the annual meeting.

The lesson on "Planning the Basic Wardrobe" was given by Mrs. Horace Bell. Mrs. Bell said that there are many who have a closet full of clothes and nothing to wear. This problem is solved by good planning.

The April meeting will be in Lexington at the home of Mrs. Bell's daughter, Mrs. Finley Williams.

**Farris Recognized For Work**

North Charleston, S.C.--Technical Sergeant Lorena L. Farris, daughter of Mr. and Mrs. Curtis F. Farris, who reside on Walnut Street, Carlisle, has been recognized for helping her unit earn the U.S. Air Force Outstanding Unit Award.

Sergeant Farris, an air transport Military Aviator Wing at Charleston AFB, S.C., will wear a distinctive service ribbon as a permanent decoration.

The unit was cited for achieving an exceptionally meritorious rating for distinguished service during some year period.

This is the second time the 437th has been so honored.

Farris, which led to the unit being named for the award include development of a highly responsible aircraft organization which maintained vital airfield operations to the United States' overseas commitment to the free nations of the world.

Sergeant Farris was graduated from Caville High School and attended Florida State University Extension Center at Chaffersville.

**Leap Year Family**

Amateur actors in the William Straw family are indeed scarce, but they have made up for it in celebration.

William Straw, former Nicholas County Agriculture agent, now lives in Kentucky and his wife, Estel, now live at 47 McCullum Road, Independence, Mo.

William Jr., born in 1928, an attorney, is with Capitol Records in Hollywood, Calif.

Bobo, 24, who is with Kaiser Aluminum in Spokane, Wash., did not time his arrival with leap year.

Dan, 19, born in 1948, lives at home and is a student at the Northern Kentucky University of Kentucky Northern Center.

Michael, who is a sophomore at Simon Kenton, is a talented young man. He studied art at the Baker-Hunt Foundation and with Anselme, Vandalburg.

The tidal wave of post-war babies that swept through our elementary schools, beginning in 1946, and later inundated the nation's high schools, has, for the past few years, been equalizing our college campuses.

At present, college and university facilities are expanding three times as fast as either elementary or high schools.

Scientists from the Department of the Interior, Bureau of Mines have analyzed samples of the gold and silver gathered from the powdered remains of quartz buried at the city dump in one of our large eastern cities, and found the total amounts collected represented a value of \$11 per ton of waste.

Most silver and gold gathered from incineration comes from photographic chemicals and films, old coins, costume jewelry and silverware, solder in electronic equipment, and even from sparks that used to decorate greeting cards and postcards.

The unit was cited for achieving an exceptionally meritorious rating for distinguished service during some year period.
