# The Carlisle Mercury

VOLUME 101 NUMBER 22 ESTABLISHED 1867 CARLISLE, KENTUCKY 40311 MAY 30, 1968 8 PAGES PRICE TEN CENTS

HENRY PETERS JR., RALPH SHEARER, JOE F. CONLEY AND HARVEY GARNICE will entertain with barbershop harmony at the annual Carlisle High School alumni banquet to be held at Rock Haven Restaurant Friday at 6:30. Also featured will be Edgar Allison at the organ and the traditional trophy will be awarded to the class with the greatest percentage of its members present. The oldest and youngest graduates present will also be recognized.

## Giants Squeeze Past Dodgers 1-0 in Two Hit Pitchers Duel

by Allen Vaughn  
One hit pitching by Giant Milton Flora and Dodger Larry Watkins led to a 1-0 jaycee victory in Friday's Babe Ruth League contest.  
Despite a slippery field the Giants and Dodgers played what has been classified as the best game of the young "pro" season.  
Giant batter Milton Flora yielded a single to Dodger catcher Quilton Nichols with one out in the first inning and that told the story for the Dodger hitting.  
Dodger pitcher Larry Watkins who pitched his second one hitter of the season lost the heartbreak game, stifling our seven of the 17 men he faced. With one out in the third Giant Wayne Fryman doubled to center, stole third base and came home on Larry Tin-

## Memorial Services

### Rev. Kamlage Appointed Pastor Of Catholic Church

Rev. Herman Kamlage has been named administrator of Our Lady of Good Hope Catholic Church replacing Rev. Edwin H. Trimbur effective May 31. Kamlage has his doctorate in theology and has been a member of the faculty at the Madonna College. Formerly Rev. Kamlage did parishes in Lancaster and has acted as pastor of St. Charles of the Immaculate Conception in St. Charles, Mo. He will assume his new duties May 31. He will teach at St. Patrick High School there. He replaced the Rev. Robert A. Wendt who resigned as administrator of St. Charles to join the Augustinian Order in California in the development of its mission education program. The Rev. Trimbur is native of Bellevue and a graduate of Newport Catholic High School and Mount St. Mary's Seminary, Cincinnati. He has served as assistant pastor at a church in Covington and as pastor of St. Leo's Catholic Church, Versailles. He was ordained in 1950. He returned recently from a tour of Palestine and the Holy Land.

## Annual Jaycee Horse Show Planned For Tuesday, June 4

## 50¢ Paid Locally Per \$1 of Federal Aid

(Special to The Mercury)  
NEW YORK, N.Y. — Just how much is Nicholas County paying for each dollar it receives from Washington in the form of grants-in-aid?  
Does the price it pays for these grants through matching funds and taxes collected from local residents, make them desirable or undesirable financially?  
A state-by-state analysis of the grants-in-aid programs, made by the Tax Foundation, a non-profit organization concerned with public taxation and spending, throws some light on the subject.  
It shows that in some localities the cost of the assistance exceeds the value of the aid received; in others, the reverse is true.  
According to a breakdown of the state figures, which are based upon Treasury Department reports, the cost of federal aid in Nicholas County was approximately \$27,900 in the past fiscal year as against an estimated \$55,000 that was received in grants. It was equivalent to \$1 in government aid for every 50 cents of cost.

## Head Start Program Approved For 105

The Head Start program for Nicholas County has been approved by the U.S. Office of Education. The program will be held June 4, 5, and 6 at the Carlisle Elementary School. The county board of education will meet with Nicholas County teachers and Miss Hester, director of the program, on June 4. Speakers will be Mrs. Catherine Smart of Nicholas County and Miss Hester, director of the program. The children who are to attend Head Start have been notified and classes will begin June 17 at 8:30 a.m. and end at 12:30 p.m. Buses will pick up all children.

## Grand Jury Report For May Released

The Grand Jury of the May 1968 term of the Nicholas Circuit Court respectively reports that it met in regular session on May 6 and May 22. The grand jury took the following action: No evidence of criminal nature was presented to the grand jury as a result of indictments of any kind made and returned.  
The grand jury made the following recommendations: The grand jury stated the condition of Henry Street and Pickens Street in Henryville and recommended that the Nicholas County Fiscal Court seriously consider some double seal bituminous treatment of these two streets as soon as possible.  
The grand jury received some information that the Living Valley Community Action Program, Inc. might again employ persons this summer to cut bushes along county roads. If such a plan is undertaken it is the grand jury's recommendation that a competent person be employed to supervise the workers and that the bushes be cut as close to the ground as possible and arrangements be made for the disposal of the cut brush other than place it in creek beds or in places where it is a hazard to farmers. The grand jury highly recommends that such work be done in a proper manner and under proper supervision.  
All of which the grand jury of the May term, 1968 respectfully reports to the court, and having completed its duties on May 22, 1968, respectfully requests that it be discharged.

## Students To Attend Danville Conference On Scholarship

By Kay Marshall  
The Hon. Fredman, Katlyn Cooney and Linda Cartwright, sophomores, and Mary Galbreath and Tommy Workman, juniors, have been chosen to attend the supplementary Education Project at Pioneer Playhouse in Danville. The students will receive full scholarship of \$300 and will stay in Danville during the entire month of July.  
These students have been selected in drama from a twenty-one county area. They were recommended by high school faculty members, local ministers and citizens.  
Classroom studies and practical experience will be offered in art, dance, music and drama.  
Both Kentucky teachers and students will attend. Teachers receive six credit hours of work applicable to their Master's Degree. Students will receive one high school credit.  
Mrs. Henry Jean Anderson, county English teacher at NCHS will be a counselor at the conference.  
The purpose of this program is to develop skills in the arts for students who have interest in drama and for them to learn the basic skills of each art phase.

## Hong Kong Color Slide Presentations To Be Shown

A professionally taped set of color slides of Hong Kong, entitled "Footstep to Tomorrow," will be presented at the Headquarters Methodist Church, Sunday, June 9 at 7:30 p.m. The presentation features a Chinese girl who was forced to return to Communist China, but later to return to freedom and new life in Hong Kong. It is done in a modern city setting with new and modern missionary work in freedom and new life in Hong Kong. It is done in a modern city setting with new and modern missionary work in freedom and new life in Hong Kong. It is done in a modern city setting with new and modern missionary work in freedom and new life in Hong Kong.

## Bowling League Banquet Held

The Carlisle League banquet was held Monday night at Rock Haven Restaurant. The following awards were presented: "Crouch" (best) champion team members who received trophies were Hank Hollinger, Harry Hollinger, Bill Smith, Bill Power, Jimmy Plummer, and Tommie. "Small Greenhouse" (best) trophy was awarded to Doug Hinkle, comic bowler award, Jimmy Plummer, high average (174), Elmer McFarland, high average (63), Powell Neal, most improved bowler, Bobby

## NASA Satellite Eyes Potential Tornadoes

A friendly eye high above the Equator is watching the violent and freakish storms that caused so much damage and loss of life in the spring of 1968. Potential tornadoes are photographed every 15 minutes during daylight hours by camera aboard National Aeronautics and Space Administration's applications in technology. Satellite photographs will be used to see if the storms can be identified and tracked by the motion of characteristic cloud patterns.  
Dreadful destruction of death and property cannot predict exactly when or where a deadly cone of wind will burst from the clouds and scythe across the countryside, the National Geographic Society says. In 1967, 906 tornadoes raked the United States, killing 116 and causing millions of dollars in damage.  
But the chance that a specific location will be struck by a tornado is small.
