

### Jackets Lose Last Game; End With 1-8-1 Season

The hard hitting Mt. Sterling Trojans ruined the Bluejackets' hopes for getting two wins this season as the Bluejackets fell 40-47 at the hands of former University of Kentucky Basketball player, Chilli Inman's team.

It took Mt. Sterling only 9 plays to go for a score as quarterback Mac McCormick fired a 15 yard pass to Don McKeown for the score. Doug Cunningham was right behind with the extra point.

With 2:39 to go McCormick ball Charlie Owens with a 15 yard pass and another score, but this time Cunningham kick went too far to the right.

In the second quarter 13 points when the Jackets defense began to turn on after Mt. Sterling had a 43-0 punt return. After a lead of 3-4 4 yards fiddle Bealer fell on the pigskin for Nicholas but the threat was still there.

When the Jackets punter Charlie Owens misplayed 38 yards for another Trojan T. D. but Cunningham kick failed.

The Jackets got another try in the second quarter as Gary Crawford connected a twelve yard pass to Larry Willis on the Trojan 32 but Willis fumbled and Larry Brooks saved a possible score as he recovered the ball.

With 5:14 in the half Robert Brooks crossed the goal line after a six yard pass from McCormick. Cunningham try for the PAT went to the right but a penalty against Nicholas gave him another try and this time hit the mark.

With 1:37 there was still time for the Trojans to go over again as Larry Henderson ran a 40 yards down for the sideline for another touchdown. Cunningham kicked the point after.

Nicholas had the ball at the mid-field stripe as the half ended with Mt. Sterling on up 33-0.

The second half opened with the same old song as sub quarterback Eddie Miller completed a pass to Tom Breyer who ran the rest of the way for a 63 yard scoring play. Gary Blake ended the Trojan scoring as he booted the extra point, 40-0.

The Big White started the ball rolling after Charlie Watkins blocked a Mt. Sterling punt with safe in the game. But again the Nicholas had to give up the ball.

That wasn't all as the "scrapy" Bluejacket reserves were still fighting to score. Freshman quarterback Spuddy Marshall in his first year of play, took over on the Trojan 17 and did an excellent job kicking up seven points in two carries. The Jackets came closer and closer but the Mt. Sterling line knocked the ball loose from the Jacket ball carrier and Jim Bostfield fell on the ball on the 10.

The Jackets closed out their first football season with a 1-8-1 season. Last Friday game shouldn't be a

### Rabbit, Quail

Continued from page 1

opinion that the rabbit crop will be greater in some areas than for last year, while in other sections declines may be encountered. The spots actually are directly attributable to the amount of food and cover offered in various sections. Field men report that in many areas of the state farmers are not cutting down their fields because of the high costs involved and their weedy pastures are getting less for rabbit production. A good comeback of rabbits is reported in the bluegrass country, especially.

The quail situation is reported generally good throughout the state. Field men say more birds are being sighted than were reported last year which was described as a good quail season. The doves are reported rare but many late batches have been indicated by the small birds seen in some coveys.

The population is described as outstanding especially in the western part of the state.

Hunters are required to have their possession a valid hunting license. Persons under 16 years of age must have a Junior hunting license. Shooting hours are during daylight.

### Deaths

**George Moreland**  
Services for George Moreland, 66, who died Sunday, were conducted at 2 p.m. Wednesday at the Carlisle Methodist Church by the Rev. James Bowersworthy. Burial in the Carlisle Cemetery. Burial was 8 a.m. Tuesday. Harry Gance, Bobby and Bill Blankenship, Frank Sargent, Davis Shepherd, Bobby Moreland and George Roberts. Honorary bearers were official stewards of the Carlisle Methodist Church.

**Mrs. Edward Ruggles**  
Mrs. Elizabeth Butler, 61, wife of Edward Ruggles of the Peacock Road, Paris, died at 8:25 a.m. Tuesday, Nov. 19, in the Bourbon County Hospital after a three-month illness. She was a native of Nicholas County, and a member of the First United Methodist Church of Paris and of the church's Ladies Class. Mrs. Ruggles was educated in Nicholas County schools. Other survivors include son Douglas C. Williams, and a daughter, Mrs. William Wood, both of Lexington two stepdaughters, Mrs. Woodrow Carpenter and Mrs. Marion Carter, Paris; a stepson, Alvin Ruggles, Millersburg; a sister, Mrs. Dorothea Whaley, Paris; and a granddaughter, Mrs. Ruggles. Services will be conducted at 2:30 p.m. Thursday at the Hilton-Turner Funeral Home by the Rev. Eugene P. Harbort. Dr. Harbort in the Paris Cemetery. Burial will be in the Mt. Pleasant Cemetery. Grandsons will serve as bearers.

### New Ice Maker

A new snow and ice remover 30 times more effective than rock salt is announced by the Monroe Company, Inc. Unlike rock salt, which is ineffective at temperatures below 15 degrees Fahrenheit, Monroe's X-73 ice remover possesses an "exothermic" heat-generating action which lasts up to 24 hours. Even at 20-30 degrees below zero, the pure white pellets radiate heat to melt ice and snow instantly.

Monroe's local X-73 distributor is Elmer Dampier.

### Baptist Plans

Continued from Page 7

The local church is \$330. The plans are to even go above this amount since last year the church gave more than \$334.00. Those who cannot get their offering to the church on Nov. 24 may bring it on Dec. 1. Envelopes are desired for this offering.

For several weeks a group will be meeting at 4:00 p.m. each Sunday for a drama rehearsal. The drama, "To All Peoples" will be presented on Dec. 22 at 7:30 p.m. The group is composed of representatives from the Adult Youth, and Beginner Departments of the church. Another group from the younger departments of the Sunday School will present a program on Sunday morning, Dec. 22.

Two church wide dinners are being planned. The first will be on Wednesday evening, Dec. 11. This is the annual Loyalty Day Dinner. It is for the purpose of promoting the stewardship program of the church. On Dec. 18 the Training Union is sponsoring a Christmas Dinner. This is the culmination of a "Trip to the Moon" contest among the different groups in Training Union. At the close of the dinner a group will go caroling in the community.

The date of Wednesday, Nov. 20; Sunday, Nov. 24; and Tuesday, Nov. 26, have been set aside for the completion of a methods study for the Training Union.

disappointment. Mt. Sterling record stands at seven ties and one loss. They have outgoing representatives 299-76. They are ranked 11th in the state going into Friday game. The Trojans are scheduled to play Dayton to determine the winner of Region 1 football championship. The Jackets had a number of injuries this year that hurt very much the chances of having a winning team. They played some tough teams. They took their losses as good sports and that's what counts. The Bluejackets are your team, be proud of them and do a thing or two for 'em."

### Facilities For Testing Undetected Diabetics

New York City—Pointing out that more than 1,000,000 people in the United States have undetected diabetes, Dr. Louis K. Alpert of the American Diabetes Association announced today that special facilities for testing will be available in hundreds of communities November 17-23.

"Diabetes sneaks up on many people. They may have it without showing any symptoms. And if the disorder is allowed to go undetected, possible complications may be coronary disease," explained Dr. Alpert. The Washington, D. C. physician is chairman of the Association's Committee on Public Education and Detection.

He urged that everyone who has not been tested recently should have a blood or urine test during Diabetes Week.

"You can call your physician, the local diabetes association or the medical society, in communities where there are organized programs during Diabetes Week, tests will be given free of charge," Dr. Alpert said.

Common symptoms of diabetes are excessive thirst, frequent urination, constant hunger, loss of weight, itching, easy tiring, changes in vision and slow healing of cuts and scratches. But anyone may have diabetes without any of these symptoms.

The earlier the disorder is detected, the more easily it can be controlled, Dr. Alpert explained, adding that with today's methods of treatment the diabetic can look forward to a full and productive life.

About one out of every twenty people in the United States either has diabetes or will have it. There is a total of more than 4,000,000 Americans who already are diabetic, including those who are unaware of their condition. And another 3,600,000 persons are potential diabetics; they will develop the disorder during their lifetime.

In seven out of ten cases, diabetes starts after a person reaches the age of 45. It is most likely to develop in individuals who are overweight or who have diabetic relatives. Slightly more women than men seem to be affected, but diabetes can strike anyone at any age, and it's important for everyone to have regular tests, Dr. Alpert stressed.

Physicians and nurses, assisted by other volunteers will conduct special diabetes blood testing programs. Either blood or urine tests will be given, depending on the facilities available. In many areas a simple urine testing unit known as Drexel will be distributed by affiliate associations or medical societies.

Once diabetes is diagnosed, Dr. Alpert explained, treatment should be started to control the condition. In many cases a specially arranged individual case is especially important. A carefully managed diet and getting the right amount of exercise, other patients need insulin or one of the oral compounds used in treatment of diabetes.

But regardless of the type of treatment required, diabetes is not a barrier to an active life, the physician stressed. Among diabetics whose achievements are outstanding, he noted, are 21-year-old Coley O'Brien, Notre Dame basketball star; Bill Talbert, successful business executive and former tennis champion; and United States Senator, Gale W. McGee of Wyoming.
