Old Tales Of Witchcraft Add Charm To Halloween

On this Halloween there might be those interested in some witch tales of the old ones who traveled wilderness roads through the Cumberland and across the Blue Ridge.

Everyone in these days keep a sharp lookout for "the old ones," who could bewitch a household if he entered and was able to brew something, "in took a dime in butter and in took a hair, or if the woman of the house when she combed and brushed her hair would save the loose hair, she could make a hairball and put under her front doorstep to break the charm."

Witches who want to discover who their future husband will be can take tales of corned beef from the ears of corn, name the tassels and hide them over the door. According to which lore the first man to enter the door under the tassels bearing his name will be the one to marry the husband.

Spirits, "hants," abodes, spooks, goblins, witches, warlocks, devils, spirits—all could be named about an Halloween approach, and it is best to keep a wary watch for them.

According to traditions, a witch will put a scare into a boy, chilling tales can at least provide entertainment.

MOREHEAD, Ky., Oct. 28—A program presenting peaceful uses of nuclear energy will be given at Nicholas County High School by Morehead State University and the U. S. Atomic Energy Commission, Nov. 14.

Charles Mays, a 1968 Morehead graduate with a Bachelor of Science degree in physics and chemistry, will be in charge of the exhibit, called "This Atomic World." Mays' presentation at Carlisle will be the form of a 40-minute assembly program.

Using a specially-designed van-type truck to transport the exhibit, Mays will visit one high school each day presenting the nuclear energy peaceful uses first at 10 a.m. and then at 2 p.m. and the presentation of the exhibit at 4 p.m. will be available at each school for special counseling with interested students and guidance counselors.

The assembly program is designed to interest all students. It will cover physics highlights as radioactivity, chain reaction, reactors and their uses, transportation, and the application of radioisotopes in medicine, industry and agriculture, said Dr. Charles A. Payne, chairman of the Division of Physical Sciences.

A more detailed discussion is presented in the classroom session later. Aimed primarily at the science teacher, the material discussed in the classroom includes atomic structure, the nuclear reaction, fission, fusion and fusion, Mays said.

Jackets, Wurland Tie 6-6; Jinx Broken

It took the enthusiasm of fans, cheerleaders, coaches and a fired up ball team but the Nicholas County Blue-jackets and Wurland Warriors fought a 6-6 deadlock at the athletic field Friday night.

The first three quarters came to an end with "gone eggs" on the scoreboard before anyone could break the ice. Nicholas County won the toss and elected to receive the football. On the first play, Mike Snapp aimed a yard pass to the end zone which was deflected by Larry Crawford. Then Crawford hit Larry Wills with an 11 yarder. On the next play Wurland intercepted to stop the Nicholas thrust in the first half. The first half had its thrilling moments.

The Jackets had the ball with 2:42 in the half but had to give up the ball. Wurland had the ball with 4:00 on the clock and had the ball first 10 on the 18. Then the Jackets defense got tough and kept Wurland from scoring in the first half.

In the third period the ball kept changing hands until 4:16 was left in the period. Wurland started the drive on their own 20 and moved the ball inside the Jacket 30.

After a penalty against Nicholas County, Gary Phelps carried the ball on the 20. The Warriors kept pushing on and the third down and goal Gary Phelps plunged over from the one yard line.

With 4:43 left in the game Nicholas County took the ball on their 47 yard line. Gary Crawford got loose and carried the ball. Finally with 1:09 Crawford turned loose power and gave Nicholas their first score in 5 weeks. The extra point missed by only inches but it was a valiant effort. The other jackets close out the home season by meeting MMI Friday night.

Sharpsburg Man Severely Beaten

Glenn Moore, an employee of Ratliff and Stone Construction Co., Sharpsburg, was severely beaten by two men from Berkel, Saturday, the deputy sheriff of Sharpshburg.

Warriors were served on Harold Ray and Willie Hunt. There was a third man involved but Moore could not identify him.

Moore stated that he was severely beaten in Bush County then brought to Nicholas where he was beaten again and then dropped somewhere in the vicinity of Lake Carters.

J. Patrick Conley Writes Home About Panamanian Pandemonium

(letter from Pat Conley to Mr. and Mrs. Joe F. Conley)
October 21, 1968

Hi, I like several times in the past the present trouble in Panama is in no manner directed toward the Canal Zone. It is strictly an in-house fight between the Panamanians. The ordinary Zontan is totally unaffected.

Ironically, though, the Conley's are more personally involved than ever before. Boss and I were with friends over at a restaurant in Panama on the Friday night at the time the Junta took over. We never knew anything was wrong until the next morning when my boss called about 6:30 a.m. He had seen up all night involved with the problem of what to do with President Ariza and his cabinet who had fled to the Zone right at the time we were in the restaurant. They were put in a temporarily vacant house adjacent to ours. We had heard nothing and did not know it until morning. They are still there.

But last Wednesday the two newspapers that are being allowed to publish had maps on their front pages showing Balboa Heights with a circle around the house in which the "traitor" was supposed to be hiding. The circle was around our house, not the one Ariza is in.

We have had a three man police guard around our house ever since. The streets leading past our house are barricaded and anyone can visit only with our advance clearance. Actually we are not in any danger at all, but it is rather exciting.

I am in charge of the command post from the command center, please, and other contributions will put the uniform drive over the top and enable the band boosters to order the uniforms at that time.

To bad Bill and Irene aren't here to see the excitement. They should not let the situation in Panama upset their plans. Business is going on as usual. No Americans have been hurt or killed. Unless things deteriorate badly we expect to see you Christmas.

Our kids seem almost wholly unaffected by it all.
