Coach Massie Praises Crawford Says Defense Was Tremendous

By ALLEN WAUGH
Friday night in the Nicholas County football game was the feeling of excitement and happiness. The feelings were expressed very freely. A scene of amity and shaking of hands as coaches praised the defensive players for their extreme play well done. It was the Nicholas County defense that had been improving, a spectator told me. After the jacket defense fell apart at both County and allowed the Wildcats to score 28 points in 6 minutes of play, Coach Massie put the team through some "prety tough" practices according to the Nicholas players. From then on the defense started to decrease the points scored against their team.

The defense turned in a fabulous game Friday in the 6-6 tie allowing Wartland only 9 first downs while the Warriors penetrated the Bluejacket 30 only 2 times. James Gill played an excellent game getting 12 tackles and Tommy Workman despite an ankle injury played most of the second half and made 10 stops. Tommie Dalton was injured in the first half and turned in an excellent job at the center position. When asked how he felt about the game and his injury Dennis replied, "I'm

glad to be back, the ankle hurts a little but it will get better". Eddie Deardoff had a big play when he intercepted a punt and returned it for a touchdown. Coach Massie praised highly QB Gary Crawford. "There is a boy who could have been in all conference quarterback if some nit-wit coach had stuck it out with Nicholas County," he added. "In all my years of coaching I've had two good quarterbacks and this boy is close to being with them."

Crawford carried the ball 20 times for 69 yards, an average of 4 yards per carry. He also completed two of nine pass attempts for 16 yards. Mike Snapp had a good run for 19 yards in the fourth period to keep the Bluejackets scoring drive going. Billy Robinson carried the ball twice for 10 yards.

From the spectator point of view, some cried, some prayed and some screamed and some froze but everyone agrees this was the finest game ever played at home this year.

ROBERT L. (DONOVAN) BYRD
Robert L. (Donovan) Byrd, 78, died at 10:30 a.m. Sunday, Oct. 27, at his home on Sharpburg, Route 1, after a short illness. He was a retired farmer and a member of the Baptist Church and the Central Kentucky FFA.

Survivors are his wife, Mrs. Irene Byrd; four sons, Edgar, Robert, John and John Boyd, Sharpburg, Route 1, and Marcus Byrd, Erlanger; a daughter, Mrs. Reese Torrey, Mt. Sterling, and three grandsons, three great-grandchildren and three great-grandchildren.

Services were conducted at 2 p.m. Monday at the Mathers-Shearer Funeral Home Chapel by the Rev. John Vickers. Burial in the Crown Hill Cemetery.

Heaters were George Kook, Charles H. Richardson, Roger McCarthy, Roger Womack, Roy Hovatt and Herb McClanahan. Honorary heaters were members of the Central Kentucky FFA.

Four chemical elements honor the Swedish village of Ytterby. Ytterbium, ytterbium, and erbium were discovered as chemists studied a mineral found near the Swedish hamlet.

LOCAL BAND AT EASTERN BAND DAY--The Nicholas County High School Band from Carlisle parades past the Nicholas County campus at Richmond. This band was one of about 65 high school bands which took part in Eastern's annual Band Day program. They joined Eastern's Marching Band in a halftime concert by 5,000 musicians at the Eastern-Alton game.

Production Costs Major Concern Of Farmers

"I realize," Miller continued, "that it is easy to say that a farmer should trim his production costs without having to tell him exactly how to do it. However, our farmer has no alternative but to seek ways to reduce costs. Those who cannot will find it difficult or impossible to remain in the business of farming."

The Commissioner pointed out that agriculture is a highly competitive business.

"While Kentucky has many natural conditions which give us several advantages as an agricultural state, we must be aware of the competition we face from other areas," he said.

"This competition," Miller stated, "comes not only from other states but from foreign countries as well. Tobacco is one commodity where the foreign competition is increasing. Miller said, "This is a problem which the industry must contend as we look toward the future."

"Tobacco is another crop we are producing in keen competition with other states," Miller stated. Recent years have seen tremendous increases in tobacco production in Kentucky.

At the tobacco, Miller pointed out that the growers of dark leaf tobacco are facing serious problems with production costs. "We have some reports of where the costs of producing a crop just about equal the income," Miller said.
