COUNTY EXTENSION AGENTS, Paul J. Hoffinger, Sara Swamp, Mrs. Margie Wilson

Weeks have always presented the American farmer with a big question...

But without the use of herbicides...

Among the most frequent weeds...

Herbicides are being used in Kentucky...

—AND ON EARTH, PEACE

Little Man—Big Heart

Last October, the Arlington, Texas, Citizen-Journal published a "front editorial" by one Gerald Todd...

My Country means a lot to me and the flag of the red, white and blue.

I want to save my country well. Our country is strong (strong) and good. I am glad I live in this beautiful land.

As George Washington said: We will fight for freedom.

"Sense I was a little boy, I have honored (honored) my country. Now I am a Cub Scout."

There was much response to the little man's editorial...

"I am Spig. Muncher, and I have been a Vietnam for 10 months."

FRANKFORT, Miss Jean Booth, daughter of the Carlisle backer...

The letter of Yvonne White, 90-year-old resident of Foy Station...

Mercury Vapours

I have always believed that for every door that closes, another one opens.

When I first wrote about this some weeks ago, I suggested that you should be free, baby, and to say Mark Todd could not tell it.
