

An American

(An Editorial)
From the Carlisle, Ky., Index
The government's imbalance budget and the state's budget are not the same thing. While the state budget is a mere accounting device, the federal budget is a real thing. It is an American's right to know what the government is doing with his money. It is an American's right to know what the government is doing with his money. It is an American's right to know what the government is doing with his money.

Hail To Summer!

It's here again! The long, hot days of summer are here. It's here again! The long, hot days of summer are here. It's here again! The long, hot days of summer are here. It's here again! The long, hot days of summer are here.

MERCURY VAPOURS

Mercury vapours are used in many industries. They are used in many industries. They are used in many industries. They are used in many industries. They are used in many industries.

Agree or Not, I Say What I Think

By S. C. Van Loan
The legislature is now in session. It is now in session. It is now in session. It is now in session. It is now in session.

Twenty & Forty Years Ago

Thursday, July 3, 1949
Twenty years ago... Forty years ago... It's a long time ago. It's a long time ago. It's a long time ago. It's a long time ago.

The Carlisle Mercury
