I AM OLD GLORY

FLY THE COLORS PROUDLY

Submitted by M/Sgt. Percey Webb

I am Old Glory. For more than nine score years I have been the banner of hope and freedom for generation after generation of Americans, born amid the first flames of America's fight for freedom. I am the symbol of a country that has grown from a little group of thirteen colonies to a united nation of fifty sovereign states. Flaming firmly on the high pinnacle of American Faith my gently fluttering folds have proved an inspiration to untold millions. Men have followed me into battle with unwavering courage. They have looked upon me as a symbol of national unity.

They have prayed that they and their fellow citizens might continue to enjoy the life, liberty, and pursuit of happiness, which have been granted to every American as the heritage of free men. So long as men love liberty more than life itself; so long as they treasure the priceless privileges bought with the blood of our forefathers; so long as the principles of truth, justice and charity for all remain deeply rooted in human hearts, I shall continue to be the enduring banner of the United States of America.

Blackberry Time Again In Carlisle

FRANKFORT--It's blackberry time again and the first sign of the ripe, juicy berries finds a multitude of Kentuckians making their way to the blackberry patches anxious to get the first pick of the choicest fruits.

Nicholas Countians are proud of the fact they have been noted as the "Blackberry Capital of Kentucky", July 2-5 is traditionally festival time in Carlisle, the peak of the blackberry season.

For 15 years American Legion Post 17 has sponsored the colorful "Blackberry Festival". Dances, carnivals, contests, a parade of floats, and the crowning of the "Blackberry Queen," make the weekend festival an experience for all ages.

Carlisle is 35 miles northeast of Lexington on Ky. 32 and Ky. 36.

General Rules For All Freezers

Do not place unfrozen food on top of frozen food. Remember that heat escapes from the warmer to the colder object and so this would definitely affect the stored food.

Spread out packages to be frozen over the freezing areas.

If packages must be stacked, leave spaces between and stagger them so as to permit air circulation between all packages.

Be careful in loading packages that they do not interfere with a tight door closure.

Preset Cold Control to coldest setting for fast freezing if a sizeable quantity is to be frozen. Cold Control can be returned to a normal position when food is placed in freezer.

Bible School

The Moorefield Methodist and Christian Churches concluded their combined Bible School Saturday night with a picnic and program on the lawn of the Methodist Church.
