Campus Capers

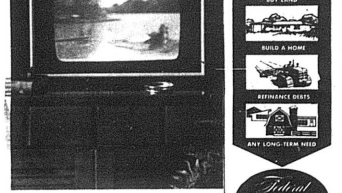
There was a "happening" at the Pennsylvania State University and the students didn't even have a holiday or cause to celebrate.

The guys and gals of Harrisburg House and Hastings all decided to hold a bash - with all the trimmings, a carnival setting, hot dog and bake bean supper, movies and, to top it off, a trip to the Penn State basketball game.

There was only one difference: the entire affair was done for 60 underprivileged children of the community.

The student leaders summarized the results: "The kisses, the smiles, the tears of happiness from those little kids easily healed the kicks, bites and scratches of the day."

Don't just sit there staring at the TV and feeling forgotten. Call them. They'll be glad you remembered.



Somebody cares and would be tickled to get a Long Distance call from you. So go ahead. It won't cost much, now that rates are so low every night and all weekend long. (Dial direct. It's faster.)

at IGA it's Happening! Take a Pound of.. CHICKEN!

IGA CHEF Eddie Doucette says: TEMPT THEM with TASHER FOODS

Take a Pound of CHICKEN...

It makes good sense to serve chicken often. It's economical, versatile, nutritious and in most cases quick and easy to prepare. Today, the preferred and highly featured chickens are the quick cooking varieties—the popular broiler-fryer chicken. These are tender, young chickens from 1½ to 4 lbs. Chicken may be purchased fresh, frozen or cooked . . . whole or in parts. Left whole, the larger birds can be stuffed and roasted or featured on the rotisserie. Cut in half or quarters, they can be baked, broiled, deep fried, southern fried, sauteed, barbecued and cooked with various sauces, in casseroles.

A TRIBUTE TO THE VICKERS

Rev. John W. Vickers was challenged Sunday afternoon in his ordination service by a thought provoking sermon entitled, "How are your Feet, Preacher?" What was said in that message reminded many of the life that John Vickers has already lived in our community. He has walked that second mile many times. He has been friend to the friendless, hope to the hopeless, smile many times. He has been friend to the friendless, hope to the hopeless, and has given comfort to the faint and fallen. The Nicholas County Ministerial Assoc., in its meeting Monday, Mar. 10, voted to give an expression of gratitude to John, Barbara and the children. The association felt the Vickers have made such a worthwhile contribution not only to the spiritual community but to the school and social community as well.

High School Juniors Planning To Attend UK Summer Program Must Apply By Mar. 24

High school juniors hoping to attend the University of Kentucky Summer Program for Superior High School students must apply by March 24 for the American College Test, which will be given for the last time on April 26--if they have not already taken the test.

ACT scores are used to evaluate the applicant's ability to take college studies before he or she finishes high school. The test deadline applies only to Kentucky residents, since enough time would not remain to receive scores of out-of-state applicants, says Edwin C. Grand, UK director of admissions, and George Dexter, assistant director.

High school juniors accepted into the program may earn six hours of college credit in freshman courses and may participate in all collegiate activities during the UK summer session.

Regular summer session fees are charged. Kentucky students pay $80 in registration and special fees. Adding expenses for a semi-private dormitory room, books and anticipated personal expenditures, bring the total cost to around $390, depending on the student's individual tastes.

Out-of-state students pay $260 in fees, plus room, meals, and other expenses.

Dexter points out that during the first six years of the program (it began in 1960) a total of 127 superior Juniors took part. All were B-plus students in high school, a requirement for admittance, and collectively they made a grade point average of 2.73, or C-plus, at UK.

Ninety-nine, or 77.9 per cent, of the students entered UK sometime after participating in the High School Junior Summer Program, and earned a combined grade point average as full-time students of 2.57, Dexter's research shows.

Fifteen of the 127 students enrolled at UK in the fall semester immediately following the summer program, earning a grade point average of 2.90. Twelve already have graduated from UK, with an average standing of 2.64.

Fifty-two students currently are enrolled at UK (they have a 2.71 grade point average), Twenty-four, or 18.8 percent, of the 127 had parents who attended UK, and 78, or 61.4 per cent came from high schools with more than 100 in their respective graduating classes, Dexter points out.

Besides getting a significant head start on his or her college career, the student also will be able to 'get his feet wet' with real college work while he still has a year of high school left. This will enable him to judge just how ready he is to undertake his full-time college career, and will give him a year to better prepare himself," Brand states.

Students interested in the program should write the UK Admissions Office for an admissions packet, or contact Brand or Dexter. Each applicant must be approved for the program by his high school principal.

4-H Shooting Star

by Debra Frymas

The Shooting Stars 4-H Club of N.C.E.S. was held on Feb. 14, in Mrs. Clark's room. Beverly Herrin, our president, called the meeting to order. We sang "Oh, Susanna." We said the pledge to the American Flag and then to the 4-H Flag. Our secretary, Debra Frymas, was absent so Sandra Collins called the roll and read the minutes.

The president turned the meeting over to the vice-president, Betty Jamasol. Vickie Mitchell, Keith Wilcoxson, Len Gaines, Danny Barnes, Beverly Klines, and Nellie Amburgey, gave speeches. Mr. Dryden talked to us about rocks we would need for our projects. We were led in a game by Ronald Doyle.

The meeting was adjourned.

High School Tournament Plans Being Made For March 26-29

Preparation for hosting the State High School Basketball Tournament in Louisville is underway at the Louisville Area Chamber of Commerce. The tournament will be held at the Kentucky Fair and Exposition Center March 26-29.

The Chamber's responsibilities lie mostly with the hospitality to be extended to the thousands of high school students who descend upon Louisville at this time and to the basketball coaches of the state teams who come to watch their or other teams participate in the tourney.

A special subcommittee of the Louisville Chamber's Sports Committee has been formed to handle events for the tournaments. Its members will welcome guests and watch over the special events.

Two dances are to be held at the Convention Center with local high school personalities handling the formalities. There will be a buffet at one of the local theatres on Fourth Street especially for the students.

Information and registration booths will be set up at the Kentucky Hotel and at the Fairgrounds. Here the visitors will pick up necessary badges for admission to the special events, see what is in store for them during the tournament.

High school basketball coaches and assistant coaches will have the use of the Chamber's Hospitality Room on the second floor of the Exposition Center. Refreshments will be furnished by local food and beverage companies.

Motels, too, have begun preparations. The manager of the Seelbach Hotel says there are few rooms other than singles left, and that this is true at other hotels and motels in the area.

Carlisle Elementary P.T.A.

Two second grade classes and one first grade class put on musical skits at Tuesday night during Carlisle Elementary P.T.A. meeting.

Mrs. Sandy Dwyer's and Miss William's second grade sang and danced with Irish, Chinese and French motifs. Mrs. Greene's first grade enacted "The Three Little Bears" and sang a song.

A panel discussion on Taxes and the School was presented by Mr. D. F. Pazzaglia, Supt. of Schools; Marsh Green, Principal at Headquarters; and A.V. (Doc) Allison, County Tax Commissioner.
