Fashion Era Ends As Rye's Closes

It was on March 4, 1946, that a gracious lady with a ready smile and a soft voice returned to her "home town" of Paris and opened a business featuring "mil-lady's fashions" 405 Main Street.

This Saturday, after 23 years, the doors of the business will close for the last time and the center of fashion known simply as Rye's, will no longer be in existence.

It was Mrs. Cora Bell Rye who came to Paris those 23 years ago to open her own shop and who operated it under her name, developing it from the outset into one of Central Kentucky's leading wearing apparel providers in ladies' and children's fashions.

Mrs. Rye had been associated with Embry and Co. in Lexington for 25 years as buyer of coats and furs. With those years of experience supporting her, she made the decision to open her own fashion shop and returned to her hometown.

Mrs. Rye recalls she launched her business in the days of the "Wild-A"--the agency that set the retail pricings. She began her business venture during the days of the leading lines of the day. But she reminisces about the many disheartening facets of business that faced her in those difficult days. In fact, on one occasion after she was in New York on a buying trip during that early period in the history of Rye's she wound up a day by disheartened herself that she returned to her hotel and "just sat down and cried."

"I always wanted to get the merchandise my customers wanted--and it just wasn't possible in those days," she avowed.

Until about 10 years ago, Mrs. Rye actually made at least three buying trips to New York, and she always stayed at the Astor Hotel. She says all the time spent in New York at the Astor could be put into one continuous time span it would equal at least a year and three months.

"Only in recent years have the fashion people come to us with many showings of merchandise," Mrs. Rye noted.

In her 23 years "in the same location," Mrs. Rye has made hundreds of friends. They have been her customers, but they quickly became her friends and have continued as such through the years.

"My customers have been my friends," she admits appreciatively, "and I wish I could personally thank each of them--and express my deep appreciation for their loyalty through the years."

Everything, in the store, located at 405 Main Street, is being sold--including the counters, rugs, clothing racks--and the entire works. There may be a few things still remaining, but when Saturday rolls around--that's the day the doors of Rye's will actually close for good--everything will be gone. Mrs. Rye plans to retire--a bit earlier than she had anticipated. The building that has housed her store for more than two decades has been purchased by the National Bank and Trust Co. of Battle--and future retirement before she had planned.

Mrs. Rye remains active every few days at 405 Main Street in the past 23 years--and it is with mixed emotions that she is retiring from public life.

Mrs. Rye employs only stated she is going to stay in Paris--she loves it--but as to what she plans to do for retirement, she says, "I am going to get some rest, and there are a few things about doing some of the things that some of my relatives and friends have suggested I do."

EVERYONE'S INVITED!

LITTLE LEAGUE CHEERLEADERS were presented charms at the banquet. They are: Ann Marshall, Selma Watkins, Susan Coatney. Second row: Tara Bowen. Annette Pryor and Sandra Simpson. --Cudgell Photo

Individuals

Taxpayers Ask IRS

Q-Why did you use color on the 1040 tax form? It makes it hard to read.

A-Color is used to draw attention to the lines on the tax form that give people the most trouble. It is hoped that the number of errors made on tax returns will be reduced by color.

Last year one reviewer nine income tax returns filed contained an error that allowed processing. If the taxpayer was expecting a refund, it was delayed until the error was found and corrected.

Instruction forms were sent to about 50 million taxpayers. The balance of the forms mailed to taxpayers and those which will be available at local banks, post offices and IRS offices, are printed in black ink.

Q-I plan to make a check to a charity in December but if I was not cashed until this January can I deduct the gift or can't I deduct it on my 1969 return?

A-You may take the deduction in the year you wrote and mailed the check. This means that a check dated by you in December 1968 can be deducted on your 1968 return.

Q-I failed to file my tax return I received in the mail is wrong. What should I do?

A-Draw a line through the incorrect part and put in the proper information. Return the corrected form with your return when you file so that your return will be properly identified and the needed correction can be made on your tax account.

Q-What insurance premiums are deductible as a medical expense?

A-Premiums paid for policies providing medical care are deductible as a medical expense for taxpayers who itemize. No deduction can be taken for life insurance premiums or for those paid to provide weekly benefits in case of disability.

Don't forget that medical insurance premiums should be handled differently than other medical expenses. Most medical expenses need to be reduced by 3 per cent of the taxpayer's gross income before they can be deducted.

For medical insurance premiums, however, one half of this cost up to a maximum of $150 may be deducted without regard to the 3 percent rule. The excess is then subject to the 3 per cent rule. This is explained in the 1040 instructions.

Q-If I file for a refund of taxes withheld on a summer job, will my parents lose their exemption for me? I'm a college student and not married.

A-No, your parents will not lose you as an exemption, so long as they furnished over half your support. In this situation the same exemption can be claimed on two returns, yours and your parent's.

Q-When is the next payment due on my maid's Social Security?

A-The next quarterly return and payment is due January 31 for the calendar quarter ending December 31, 1968.

Also due by January 31 is a statement to your maid covering the total amount of wages paid and Social Security taxes withheld during 1968.

This statement may be made in any form suitable for your maid to keep. It should show your name and address as employer, your maid's name, address and Social Security number, the total amount of wages paid out, the total amount withheld for Social Security tax. The statement should indicate that the employee's tax of, 4.4 per cent included 0.6 per cent to finance the cost of Hospital Insurance Benefits.

For your convenience, IRS has prepared Form SS-14, that can be used to provide this information to household employees. Copies may be obtained by sending a post card to your district director.

Q-Do you have to report as income insurance compensation for injuries received in an auto accident?

A-No, damages for injuries suffered in an accident are tax free.

Q-I received my tax forms in the mail but my son didn't. Why is that? He started working last summer and taxes are being taken out of his wages.

A-A tax return is mailed to everyone who filed a return for the previous year. Your son would therefore receive a tax form if he started working in 1968 as you indicate.

Copies of the 1968 tax forms and instructions are available at local IRS offices as well as many post offices and banks.

Q-If I file my 1968 return by the end of January can I forget about the fourth installment of my estimated tax?

A-Yes, if you file your 1968 return by Jan. 31 and paying any balance due at that time. But don't forget that 1969 declarations must be filed by April 15.

Q-Last year I sold some stock I had received from my father's estate. Do I have to pay tax on this money?

A-You will only have to include in income any increase between the value of the stock at the time your father died and what you sold it for.

The amount of the increase will have to be reported as a capital gain on Schedule D. However, if the stock decreased in value the loss may be used to reduce any other capital gains you might have to report for 1968. For details see the instructions on Schedule D.

Q-I got married last year and my wife and I both received 1040 tax packages. If we file a joint return, whose label should be put on the form, mine or hers?

A-On joint returns the account is primarily identified by the husband's social security number. Therefore, file the return with your label adding your wife's name to it but be sure also to enter your wife's social security number on the return in the space provided for it.

Q-Are farmers subject to the new surcharge?

Mrs. Charlotte Haney Honored By Paris Club

Mrs. Charlotte Haney represented the Paris Business and Professional Women's Club as their representative for "Young Career Woman" at a District meeting held recently in Mt. Olivet.

Mrs. Haney, speech director at Paris High School, was selected by the local club on the basis of her outstanding work at the school. In addition to her speech activities, she also serves as cheerleader sponsor, and is an active member of the Methodist Church.

Mrs. Haney is the daughter of Mr. and Mrs. Stewart Moore.

A-Yes, they like all income taxpayers are subject to the tax surcharge.

Q-I can't find the W-2 form I got from my summer job. What should I do?

A-Contact your former employer and ask him for a duplicate copy of your W-2 statement.

Q-Is it true that if I have less than $100 a year in dividends I don't have to report them on my tax return?

A-All the dividends you receive should be reported but generally the first $100 in dividends is not subject to tax.

Q-I'm recovering from a serious illness and no longer use public transportation to get to work. Since I now have to rely on taxis can I deduct this as a medical expense?

A-No. Transportation on expenses to and from work are considered personal expenses and are not deductible. Transportation expenses to the hospital or to the doctor for treatment are deductible as medical expenses, however. Check your Form 1040 instructions on how to handle these expenses.

Q-Do the new tax forms explain how to figure the surtax?

A-Yes, the tax surcharge is explained in both the 1040 and 1040A instructions.

Q-I had my 65th birthday in 1968. Will that make any difference when I file my tax return?

A-Yes there are various benefits the law provides for taxpayers 65 years of age and over. These are explained in our Publication 554, "Tax Benefits for Older Americans."

For one thing, taxpayers 65 andover are allowed an extra exemption because of age. If you are presently employed and have taxes withheld from your wages, you may want to file a new withholding statement, Form W-4, with your employer to claim this extra exemption. Doing so will reduce the amount your employer withholds.

Q-I went into business for myself this year and have several employees. Is there any deadline for me to issue their withholding statements? One of my people already asked about it.

A-The law requires employers to issue withholding statements by January 31. Many employers try to issue them as soon as possible after January 1 so their employees may file tax returns early.

Incorrect Surcharge Delays Refunds

Louisville--Robert J. Deth, IRS District Director for Kentucky urged all taxpayers to be especially careful in computing the tax surcharge when preparing their income tax returns.

He said that many taxpayers are failing to compute the surcharge, and others are computing it incorrectly, both of which cause delayed refunds and time consuming correspondence with the Internal Revenue Service.

Mr. Deth explained that the surcharge is simply an increase of the tax by 7 1/2 percent. He advised all taxpayers to carefully follow the instructions, to double check their arithmetic, and, if they can use the surcharge chart, to be sure that they have used the one which applies to them.

Following these steps is time well spent, as it will prevent delays in processing, and speed up any refund due, Mr. Deth said.
