THE NEW OPPORTUNITIES
While the news administration is trying to bring order out of the chaos created by the New Frontier and the Great Society, political elements the business and engineering communities are trying to get the right kind of power in 1972.

Some business and Great Society advocates have a built-in advantage that should not be overlooked. During the time they were in power, they managed to get the federal service with authority and give them (1) the right to create the right kind of administration to secretly back up the leading edge of the new political order.

Multiple "bureaucratic" elements are many of the new political elements. In the past, the government has been a "bureaucratic" government.
